- Creating the Digital Image
- Displaying the Digital Image

Day 4 - Thursday 8:00am - 4:30pm

- MQSA Regulations
 - Preparing for the Mammography Registry Exam
- Breast Imaging Digital Modalities
- Breast Pathology
 - Benign disease
 - Breast Pathology
 - Malignant disease

Day 5 - Friday 8:00am - 4:30pm

- Positioning of Special Circumstances
- Breast Cancer Treatment Options
- Mammographic Image Technique
- Interactive Mammography Registry Review

~ lunch on your own each day ~

* for on-site students only

Digital Breast Tomosynthesis:

Practical Application

*Day 6 - Saturday - 8:30 am - 4:30 pm

Hologic Selenia Dimensions, GE SenoClaire, Siemens Mammomat Inspiration

Introduction to Digital Breast Tomosynthesis

- Theory of Tomosynthesis
- System design parameters
- Quality control
- Personnel training requirement
- Tomosynthesis unit implementation timeline
- Reimbursement
- Tomosynthesis protocols
- Tomosynthesis: a manager's dilemma
- Tomosynthesis: newly released and future
- Image review

New 5 day format in 2017

MTMI has designed a new 5 day Initial Training in Mammography course for 2017. The focus of our 5 day format will include all MQSA mandated material as well as an emphasis on mammography registry review. This course will cover all ARRT mammography exam content specifications as well as serve as a review for the California state mammography exam. Our course will incorporate the MQSA requirement of 8 hours of digital mammography throughout the 5 days. Hands on positioning workshops for those who attend the on-site programs will allow attendees the opportunity to work one on one with instructors and models to practice and learn the basic mammographic screening procedures. The week includes a registry review in an interactive and fun learning style.

Are you in need of 25 Supervised Mammograms?

(Not included in the course)

Prerequisite: Initial Training in Mammography Course

~ an additional fee of \$550 for live attendees and

\$750 for Simulcast attendees is required ~

Please contact MTMI for more details and pre-approval call 800-765-6864.

~ Limited Enrollment ~

Faculty

- Kathy Degelder, BS - MTMI Facilitator
- Cheryl Seastrand, RT(R)(M)(BS)
- Pam Fulmer, BA, RT(R)(M)(QM)
- Estella Turner, MHA, RT(R)(M)
- Olive Peart, MS, RT(R)(M)

Faculty will vary depending on location.

Course credit

activity approved by
ASRT

These courses provide Category A credits approved by the ASRT.

- **The Initial Training in Mammography** provides **40 hours of credit** and fulfills all requirements of the Mammography Quality Standard Act (MQSA) for initial mammography training. It also fulfills the **8 hours of credit** of digital mammography training required by MQSA before operating digital units.
- **The Digital Breast Tomosynthesis (DBT)** day provides **8 hours of credit** of DBT training which is required by MQSA before operating Hologic, GE & Siemens DBT units.
- Attendees must attend entire program to receive credit.
