ANNUAL CLINICAL ASSEMBLY

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of Georgia through the joint providership of Southern Alliance for Physician Specialties CME and American Osteopathic Colleges of Ophthalmology and Otolaryngology- Head and Neck Surgery. The Southern Alliance for Physician Specialties CME is accredited by the Medical Association of Georgia to provide continuing medical education for physicians.

The Southern Alliance for Physician Specialties CME designates this live activity for a maximum of 20 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

KEYNOTE SPEAKER HIGHLIGHT

About Albert L. Merati

Albert Merati, M.D., is a surgeon and chief of Laryngology at UW Medicine's Head and Neck Surgery Center.

Dr. Merati believes the secret to caring for the patient is caring about the patient. He has a long association with UW Medical Center, and actually had his tonsils removed at the UW as a child.

Dr. Merati earned his M.D. at the UW. He has clinical expertise in office-based and operative laryngology, including complex airway, voice and swallowing. This includes vocal fold paralysis, surgery for dysphagia/aspiration (including Zenker's), and endoscopic and open surgery for airway stenosis and laryngeal cancer.

Dr. Merati's research has related to the better understanding the dominant clinical issues facing patients, including diagnostic testing and treatment of vocal fold paralysis, surgical management of airway stenosis, the impact of reflux on laryngeal disorders and tracheotomy complications.

Personal Interests

In his free time Dr. Merati enjoys spending time with his three favorite people in the world, his wife Jenny, his little dude Solomon (born 2009) and their youngest, Rose (born 2013).
