

Event Program

AOCMF Course—TMJ: Pain and Dysfunction, from Diagnosis to Treatment (with Human Anatomical Specimens)

Preliminary program

June 20 – 21, 2018 Basel, Switzerland

Mission

Our mission is to continuously set standards in postgraduate medical education and to foster the sharing of medically guided expertise in a worldwide network of healthcare professionals to improve patient care in trauma or disorders of the musculoskeletal system.

The AO Principles of fracture management

Welcome

On behalf of AOCMF (the craniomaxillofacial clinical division of the AO Foundation), it is my pleasure to personally welcome you to this course. Each year, AOCMF provides over 110 educational opportunities to more than 5,000 passionate surgeons worldwide.

The mission of AOCMF is excellence in facial surgery across the specialties. We encourage the involvement of all interested professions, including oral and maxillofacial surgery, plastic surgery, ENT, oculoplastic surgery, and neurosurgery. To achieve our mission, we are committed to remaining at the forefront of education and new developments, by offering remarkable learning and networking experiences focusing on craniomaxillofacial trauma and reconstruction.

Through our courses, membership program, and our website, our goal is to encourage and inspire surgeons—including residents, fellows, and practitioners—to pursue fulfilling careers in our field. In addition, we endeavor to provide lifelong learning opportunities and career development options for more experienced specialists in the most appropriate and useful ways as their needs evolve.

Your role is vital to improving patient care. We hope that your experience with our faculty, chairs, and your peers over the next few days will bring new knowledge, skills, and understanding that you can directly apply to your own practice. We look forward to your participation and encourage you to share your ideas, unique perspectives, and opinions, to help build and enhance our dynamic community, and contribute to the further development of craniomaxillofacial surgery.

I wish you an outstanding learning experience.

Yours sincerely,

Warren Schubert
AOCMF International Chair

Goal of the course

This course aims to enable participants in the management of temporomandibular joint disorder patients from basics of diagnostics, different treatment options from conservative therapy to advanced surgical treatment including joint replacement.

Target participants

This advanced course is divided into two parts. The theoretical part of the course on the first day is suitable for all medical professional groups involved in the treatment of TMJ patients (such as physiotherapists, dentists, and surgeons). The second part of the course (anatomical specimen dissections) is aimed at fully qualified specialists (with at least 3 years of experience) in advanced surgical management of TMJ patients.

Educational Event objectives

After the course, participants will be able to:

- Describe the most common TMJ disorders
- Explain the available treatment options
- Perform a proper examination of TMJ patients
- Identify the appropriate treatment modality for TMJ patients based on examination and instrumented assessment and radiological diagnostics
- Perform the key steps in the surgical procedures for the treatment of TMJ disorders

Course description

This course teaches the theoretical and practical knowledge of this particular subspecialty of oral and maxillofacial surgery. Comprehensive lectures and small group discussions on day 1 will address the theoretical background. This will be matched on day 2 with extensive hands on training on well preserved Thiel-fixated specimens and round table group discussions.

Course Director

Florian M. Thieringer

University Hospital Basel, Basel, Switzerland

Course Chair

Christoph S. Leiggenger

University Hospital Basel and Kantonsspital Aarau, Basel / Aarau, Switzerland

Regional Faculty

Marcus Teschke

University Hospital, Bonn, Germany

National Faculty

Isabelle Berg-Boerner

University Hospital, Basel, Switzerland

Dominik Ettlin

University of Zurich, Zurich, Switzerland

Luigi M. Gallo

University of Zurich, Zurich, Switzerland

Thomas Gander

University Hospital, Zurich, Switzerland

Marisa Solari

Private Praxis, Basel, Switzerland

Jens Christoph Türp

University Hospital, Basel, Switzerland

Robert Sader

University Hospital, Basel and Frankfurt am Main, Switzerland / Germany

Guest speaker

Dorrit Nitzan

Hebrew University, Hadassah Medical Center, Jerusalem, Israel

Fred Podmelle

University Hospital, Greifswald, Germany

Day 1: Management of TMJ patients

TIME	DURATION	AGENDA ITEM	CONTRIBUTOR
		VENUE: DEPARTMENT OF ANATOMY, UNIVERSITY OF BASEL, PESTALOZZISTRASSE 20, 4056 BASEL, SWITZERLAND	
08:00	30	Registration	
08:30	15	Welcome address, introduction of the faculty, course objectives	Christoph Leiggener Florian Thieringer
08:45	15	AO History, structure and membership	Florian Thieringer
09:00	20	Clinical Introduction	Christoph Leiggener
09:20	20	Interdisciplinary diagnosis and management of TMJ disorders (Small discussion groups, Group 1)	Dominik Ettlin
09:40	20	State of the Art – Imaging of the temporomandibular joint (Group 2)	Isabelle Berg-Boerner
10:00	20	Instrumental assessment of pathologies of the temporomandibular joint (TMJ), in particular by means of Dynamic Stereometry (Group 3)	Luigi M. Gallo
10:20	20	Physiotherapy management of Temporomandibular Joint pain (Group 4)	Marisa Solari
10:40	30	COFFEE BREAK	
11:10	30	Types of occlusal splints in management of TMD	Jens Tuerp
11:40	20	Discussion	All faculty
12:00	90	LUNCH BREAK	
13:30	30	Physiotherapy management of. Temporomandibular Joint pain ???	Marisa Solari
14:00	30	Internal derangement arthrocentesis	Dorrit Nitzan

14:30	30	Internal derangement arthroscopy	Fred Podmelle
15:00	30	Arthroscopic disc fixation techniques	Thomas Gander
15:30	30	COFFEE BREAK	
16:00	30	Total joint replacement, principles of autologous and alloplastic reconstruction	(Marcus Teschke) / Robert Sader
16:30	45	Round table – To treat or not to treat? Open discussion of special cases provided by participants and faculty	All faculty
17:15	10	Evaluation, wrap up (certificates for the participants of the theoretical part only)	Christoph Leiggner Florian Thieringer
17:25		End of Day 1	

Thursday, June 21, 2018

Day 2: Hands-on training with anatomical specimens

TIME	DURATION	AGENDA ITEM	CONTRIBUTOR
		VENUE: DEPARTMENT OF ANATOMY, UNIVERSITY OF BASEL, PESTALOZZISTRASSE 20, 4056 BASEL, SWITZERLAND 4 = 1 table	
08:00	15	Day 2 – Course opening, Introduction / training with specimen	Christoph Leiggener Florian Thieringer
		<i>Before the hands-on a short introduction / presentation will show the procedures, a step-by-step presentation with video demonstration for the participants</i>	
08:15	15	Surgical approaches to the TMJ	Florian Thieringer
08:30	40	Arthrocentesis	Dorrit Nitzan and all faculty
09:10	40	Diagnostic TMJ arthroscopy	Fred Podmelle and all faculty
09:50	40	Therapeutic TMJ arthroscopy, disc surgery (possibilities of disc fixation)	Thomas Gander and all faculty
10:45	45	COFFEE BREAK	
11:30	40	Surgical therapy of habitual TMJ luxation	Christoph Leiggener Florian Thieringer and all faculty
12:10	50	Total joint replacement	Robert Sader and all faculty
13:00	30	Round table – Conservative or surgical treatment?	All faculty
13:30	15	Wrap up, closing remarks, evaluation, certificates, end of course	Christoph Leiggener Florian Thieringer

13:45		End of Day 2

AO funding sources

Unrestricted educational grants from different sources are collected and pooled together centrally by the AO Foundation. All events are planned and scheduled by local and regional AO surgeon groups based on local needs assessments. We rely on industrial/commercial partners for in-kind support to run simulations/skills training if educationally needed.

Event organization compliance

In certain countries where AO has no office but offers educational events, the AO cooperates with third party companies to conduct local organization and logistics, as well as to communicate with participants in the local language. In these cases the AO has put rules and guidelines in place (Letter of Secondment, AO Foundation—Principles of AO Educational Events) to ensure that this cooperation has no impact on the curricula, scientific program, or faculty selection.

General information

Event Registration

Please register online at:

<http://basel0618.aocmf.org>

Event fee

AOCMF Course— TMJ – Pain and Dysfunction, From Diagnosis to Treatment: CHF 1'270.00.

Included in the event fee are conference bag with documentation, coffee breaks, course certificate.

European CME Accreditation

An application has been made to the UEMS—EACCME® in Brussels for CME accreditation of this event.

Additional an application has been made to the Swiss Society of Oral and Maxillo-Facial Surgery SSOMFS.

Evaluation guidelines

All AOCMF events apply the same evaluation process, online (pre- and post-event evaluation) and on-site by paper and pencil questionnaires. This helps AOCMF to ensure that we continue to meet your training needs.

Intellectual property

Event materials, presentations, and case studies are the intellectual property of the event faculty. All rights are reserved. Check hazards and legal restrictions on www.aofoundation.org/legal.

Recording, photographing, or copying of lectures, practical exercises, case discussions, or any event materials is absolutely forbidden.

The AO Foundation reserves the right to film, photograph, and audio record during their events. Participants must understand that in this context they may appear in these recorded materials. The AO Foundation assumes participants agree that these recorded materials may be used for AO marketing and other purposes, and made available to the public.

Security

There will be a security check at the entrance of the building. Wearing of a name tag is compulsory during lectures, workshops, and group discussions.

No insurance

The event organization does not take out insurance to cover any individual against accidents, theft, or other risks.

Mobile phone use

Mobile phone use is not allowed in the lecture halls and in other rooms during educational activities. Please be considerate of others by turning off your mobile phone.

Transportation

In Basel you can use the services of a very well developed public transport system which consists of train, bus and tram lines.

Accommodation for participants

Hotel RoCHAT
Petergraben 23
4051 Basel
Tel. +41 (0)61 261 81 40
www.hotelrochat.ch
info@hotelrochat.ch

Single Room: CHF 125 per night, incl. breakfast (without city tax)
Double Room for single use: CHF 155 per night, incl. breakfast (without city tax)

Code: AOCMF

A certain number of rooms has been blocked **only upon availability (first come, first serve)**. Accommodation is not included in the registration fee and has to be paid to the hotel directly.

For reservation please contact the hotel via phone or email info@hotelrochat.ch and mention the Code "**AOCMF**", in order to receive the special rate.

AO Foundation—Principles of AO Educational Events

1) Academic independence

Development of all curricula, design of scientific event programs, and selection of faculty are the sole responsibilities of volunteer surgeons from the AO network. All education is planned based on needs assessment data, designed and evaluated using concepts and evidence from the most current medical education research, and involving the expertise of the AO Education Institute (www.aofoundation.org).

Industry participation is not allowed during the entire curriculum development and planning process to ensure academic independence and to keep content free from bias.

2) Compliance to accreditation and industry codes

All planning, organization, and execution of educational activities follow existing codes for accreditation of high-quality education:

- Accreditation Criteria of the Accreditation Council for Continuing Medical Education, USA (www.accme.org)
- ACCME Standards for Commercial Support: Standards to Ensure Independence in CME Activities (www.accme.org)
- Criteria for Accreditation of Live Educational Events of the European Accreditation Council for Continuing Medical Education (www.uems.eu)

Events that receive direct or indirect unrestricted educational grants or in-kind support from industry also follow the ethical codes of the medical industry, such as:

- Eucomed Guidelines on Interactions with Healthcare Professionals (www.medtecheurope.org)
- AdvaMed Code of Ethics on Interactions with Health Care Professionals (advamed.org)
- Mecomed Guidelines on Interactions with Healthcare Professionals (www.mecomed.org)

3) Branding and advertising

No industry logos or advertising (with the exception of the AO Foundation and AO Clinical Division) are permitted in the area where educational activities take place.

Sponsors providing financial or in-kind support are allowed to have a promotional booth or run activities outside the educational area with approval from the event chairperson.

4) Use of technologies and products in simulations

If case simulations are chosen as an educational method to educate skills, we only use technology approved by the AOTK System (AOTK)—a large independent group of volunteer surgeons developing and peer-reviewing new technology (more information about AOTK, its development and approval process can be found on the AO Foundation website: www.aofoundation.org).

5) Personnel

Industry staff is not allowed to interfere with the educational content or engage in educational activities during the event.
