The Duke Radiology annual summer course offers a comprehensive curriculum on cutting edge general radiology subjects. The curriculum is structured as a multidisciplinary approach with many topics grouped as specific pathology/modality related presentations. It was designed with an experienced or in training radiologist in mind, who will find it helpful to implement the gained knowledge into their busy practice.

EDUCATIONAL GOALS

After attending the course, participants should be able to:

- Discuss the newest imaging techniques and modalities being used to diagnose various abnormalities in adults and children
- Describe techniques and procedures currently being used in interventional radiology

DISCLOSURES

It is the policy of the Duke University Health System Clinical Education and Professional Development to require the disclosure of anyone who is in a position to control the content of an educational activity. All relevant financial relationships with any commercial interests and/or manufacturers must be disclosed to participants at the beginning of each activity.

DUKE RADIOLOGY
on Kiawah Island 2022

COURSE REGISTRATION

Registration fee is \$1,050 on or before July 1, 2022 (\$900 for Duke Radiology alumni/\$850 for intraining/military/VA/retirees). After July 1, 2022 there is a \$75 late fee making the registration \$1,125/\$975/\$925 respectively.

The registration fee includes tuition, continental breakfast and refreshment breaks. The fee is payable by check to **"Direct Travel"**. There is a \$100 administrative fee for cancellation. No refund within 3 days of first day of meeting.

We are excited to announce that Duke Radiology now has an app available where you can access ALL course content. In an effort to be more environmentally conscious, we no longer offer any printed materials on site. You will be able to download lecture pdf's, connect with speakers and attendees, and complete your SAM's via the app. More details on how to access it will be emailed to you after you register for the course.
