Digital Imaging 2016

Radiology Information

Systems & PACS

Delivering the Paperless & Filmless Hospital

Wednesday 2 November 2016 Asia House Conference Centre, London

This one day conference will examine how to work with digital imaging, radiology information systems and PACS to deliver the national ambition of a paperless and filmless NHS.

The conference will address national developments, new models of radiology care including an update from the radiology vanguard site which emphasizes a move towards a collaborative clinical network approach, getting the most out of RIS and PACs through effective workflow and systems design, and how to integrate them with other Trust systems and Electronic Patient Records. There will be a focus on improving the clinical end user experience, interoperability standards, sharing radiology images across organisations, information governance, the role of specialty systems, and the role of information systems in moving towards a 7 day service and delivering real time bedside imaging to improve patient care.

There will be a pre conference supplier showcase where suppliers will be demonstrating their systems and how they can support your organization to deliver digital imaging in practice.

Follow the conference on Twitter #PACS2016

09.30-10.30 Supplier Showcase

The supplier showcase will be optional for delegates to attend and will include five 10 minute presentations from the key Radiology Information Systems & PACS suppliers

Analytics in radiology- the next wave of tools

Mike Battin
COO
PACSHealth, Ltd.

- historical perspective
- latest trends
- specific tools (VNA, PACS, Dose)
- what's next

09.30-10.30 Supplier Showcase

The supplier showcase will be optional for delegates to attend and will include five 10 minute presentations from the key Radiology Information Systems & PACS suppliers

10.35 Chairman's Introduction

Dr Tony Newman Sanders *Chief Clinical Information Officer & Consultant Radiologist Croydon Health Services NHS Trust*

10.40 Delivering the Paperless and Filmless Hospital

Speaker to be announced

- the role of RIS and PACS in delivering the goal of a paperless NHS: integration with Electronic Patient Record Systems
- supporting a 7 day health service
- further opportunities for redesigning radiology services: including extending services to weekends and out of hours, and home reporting
- what the future holds: new generations of PACS and imaging informatics

11.10 New models of radiology delivery: Improving collaboration between radiology services. Lessons from a collaborative

Dr Nick Spencer

Clinical Lead

Regional Imaging Collaborative Yorkshire

- working together to deliver access to radiology images at the point of need
- developing a shared technical system to support network wide clinical care
- developing new arrangements between hospitals for sharing staff, services and resources to improve the quality of care provided to patients

11.40 *Question and answers, followed by tea, coffee and exhibition at 11.50*

12.00 Delivering the National Integrated Medical Imaging Solution to the Republic of Ireland: Procurement and implementation lessons

Speaker to be announced

- project introduction: ROI's vision for NIMIS
- implementation: deploying the world's largest national medical imaging solution successfully
- current situation: NIMIS Today
- the future for NIMIS: what's next?

12.30 Implementing and getting the most from Teleradiology

Dr Robin Evans

Consultant Radiologist

Croydon NHS Trust &

Co Medical Director and Responsible Officer

Radiology Reporting Online

- the role of teleradiology in digital imaging
- teleradiology in practice: our experience
- current issues and moving forward

13.00 *Question and answers, followed by lunch and exhibition at 13.10*

14.00 Implementing home reporting

Speaker to be announced

- setting up and running home reporting in practice
- security, patient safety, IT and risk issues
- contractual issues
- benefits and our experience
