

WONCA WORKING PARTY ON WOMEN & FAMILY MEDICINE (WWPWFM)

WWPWFM aligns with the WONCA mission statement on improving the quality of life for all people of the world.

WWPWFM plays a significant role in improving the health of women across the globe.

Are you interested improving women's health at primary care in your country?

- Support gender equity in the work place for women family doctors
- Support women's health in primary care
- Support WONCA women in the research field
- Support WONCA women in the leadership positions and provide mentorship
- Support Preconference meeting in the regions and world conferences

Universal health access will not be achieved unless women are cared for in their own communities and are empowered to take decisions about their own health in a supportive environment.

Preconference: 5th June 2019 (13-17 hours)

Women's café: 6th June 2019 (14:45-17 hours)

Women's workshops: 7th-8th June 2019
