Making Cancer History®

MD Anderson 2nd Annual Sawyer International Pancreatobiliary Symposium December 1-2, 2017

MD Anderson, Dan L. Duncan Building
Conference Center, Floor 8
1155 Pressler Street
Houston, Texas

Program Chairs
Jeffrey H. Lee, MD, MPH
Manoop Bhutani, MD
Boris Blechacz, MD, PhD

Goal

The goal of this symposium is to understand how cholangiocarcinoma and other biliary pancreatic cancers can be best managed by clinicians in this area. During this international symposium, the experts from various regions of the world will share the findings of their research, clinical experience, and recommendations regarding these cancers. We expect this symposium will change the practice of the attendees who will acquire the state-of-the-art clinical information about the diseases, thus improving the overall survival of patients with the diseases.

Educational Objectives

After attending the conference, participants should be able to

- Apply advances in imaging, endoscopic techniques, and cytopathology in the treatment of biliary pancreatic diseases (*Knowledge, Competence, Performance*);
- Utilize therapeutic endoscopy and interventional radiology, while assessing the strengths and limitations of different approaches, in managing biliary obstruction (*Knowledge, Competence, Performance, Patient Outcomes*);
- Implement updates on surgical approach for resection, transplant, and palliative surgery into practice (*Knowledge, Competence, Performance*);
- Incorporate the best available chemotherapy regimen and/or radiation treatment (*Knowledge, Competence, Performance*).

Educational Methods

Lectures – Panel Discussions – Case Studies – Question and Answer Sessions

Target Audience

This symposium should be of value to gastroenterologists, medical oncologists, surgeons, interventional radiologists, and internists.

Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

Accreditation/ Credit Designation

PHYSICIANS

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live

activity for a maximum of 8.50 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credit™* or certificates documenting attendance will be distributed to participants as they depart the symposium. To obtain a CME certificate, physicians must submit a completed evaluation questionnaire and a CME Verification Form.

Upon request, a record of attendance (certificate) will be provided on-site to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Physicians Payments – Sunshine Act

MD Anderson complies with the Physicians Payments Sunshine Act as part of the Affordable Care Act (ACA). Accordingly, we may be required to collect information on transfer of value provided to any covered recipient under the ACA.
