Upgrades to live in person registration

If you register for a virtual attendance but later decide that you would like to come to Cambridge in person, you can upgrade for the price difference at the time you first booked – so if you make an early registration for virtual attendance, you will only be asked to pay the difference for early live registration.

Cancellation policy

Registrations can be cancelled until 31st August for live in person registrations, or 9th September for virtual registrations. Registration fees will be refunded by bank transfer, but we will need to retain £20 to cover administration fees including banking costs.
