# The 36th Annual Eye Center Conference

**This is a one-day event with multiple national speakers designed to provide the latest information on ophthalmic procedures, research and best practices. This is intended for ophthalmologists, residents and other interested healthcare professionals.**

## Objectives

After participating in this activity, the attendees should be more confident in their ability to:

1. Prioritize corneal repair techniques to minimize astigmatism and need for additional surgical interventions.
2. Select the glaucoma surgical procedure most likely to achieve the target intraocular pressure.
3. Identify surgical techniques that decrease endophthalmitis risks.

## Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Ohio State Medical Association through the joint providership of OhioHealth and The Eye Center.

OhioHealth is accredited by the OSMA to provide continuing medical education (CME ) for physicians.

OhioHealth designates this live activity for a maximum of 7.0 hours *AMA PRA Category 1 credit(s)*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## Disclosure

As an accredited continuing medical education (CME) provider, OhioHealth must insure balance, independence, objectivity and scientific rigor in all educational activities we sponsor. Faculty and planners participating in sponsored activities must disclose any significant financial interests or other relationships. Any potential conflicts of interest will be resolved and revealed in the course syllabus.

## Location

The Eye Center  
262 Neil Avenue  
Columbus, Ohio 43215

The Eye Center is located near the intersection of Spring Street and Neil Avenue, southwest of Nationwide Arena.

## Program

|                    |                                                                                                                                                    |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| 8 – 8:10 a.m.      | <b>Welcome</b>                                                                                                                                     |
| 8:10 – 8:40 a.m.   | <b>What the New Ohio Board of Pharmacy Regulations Mean For Ophthalmologists</b><br><i>Tony Buchta, R.Ph, MBA</i>                                  |
| 8:40 – 9:10 a.m.   | <b>What Is the Risk That Your Patient Will Progress At Current IOP?</b><br><i>Paul Palmberg, MD, PhD</i>                                           |
| 9:10 – 9:40 a.m.   | <b>Endophthalmitis after Intravitreal Anti VEGF Injections</b><br><i>Bernard Doft, MD</i>                                                          |
| 9:40 – 10:10 a.m.  | <b>Break</b>                                                                                                                                       |
| 10:10 – 10:40 a.m. | <b>Embracing New Technology's Ethical and Medico-Legal Challenges</b><br><i>Richard Abbott, MD</i>                                                 |
| 10:40 – 11:10 a.m. | <b>Techniques to Make Trabeculectomy and Tube Surgery Safer</b><br><i>Paul Palmberg, MD, PhD</i>                                                   |
| 11:10 – 11:40 a.m. | <b>Prophylaxis and Treatment of Pseudophakic Endophthalmitis</b><br><i>Bernard Doft, MD</i>                                                        |
| 11:40 a.m. – Noon  | <b>Discussion</b>                                                                                                                                  |
| Noon–1 p.m.        | <b>Lunch</b>                                                                                                                                       |
| 1 – 1:30 p.m.      | <b>Clinical Pearls in the Management of Corneal Lacerations: How to Reduce Astigmatism and Improve Visual Outcome</b><br><i>Richard Abbott, MD</i> |
| 1:30 – 2 p.m.      | <b>Pediatric Intracranial Hypertension</b><br><i>David Rogers, MD</i>                                                                              |
| 2 – 2:30 p.m.      | <b>Recent Major Advances in the Treatment of Diabetic Retinopathy</b><br><i>Bernard Doft, MD</i>                                                   |
| 2:30 – 3 p.m.      | <b>Break</b>                                                                                                                                       |
| 3 – 3:30 p.m.      | <b>Microtubes That Will Soon Replace Trabeculectomy</b><br><i>Paul Palmberg, MD, PhD</i>                                                           |
| 3:30 – 4 p.m.      | <b>How to Manage the Unhappy 20/20 Patient Following Refractive Surgery</b><br><i>Richard Abbott, MD</i>                                           |
| 4 – 4:30 p.m.      | <b>Improving Refractive Outcomes during Cataract Surgery</b><br><i>Aaron Mack, MD</i>                                                              |
| 4:30–5 p.m.        | <b>Discussion</b>                                                                                                                                  |

## Registration Information

- + **Physicians:** Early Bird Price..... \$100  
After September 16, 2016.....\$150
- + **Allied Healthcare Professionals and Retirees:**  
Early Bird Price..... \$50  
After September 16, 2016.....\$75

**Register online at: [www.regonline.com/eye16](http://www.regonline.com/eye16)**

Confirmation will be e-mailed upon completion of online registration.

## Cancellation and Refund Policy

OhioHealth reserves the right to cancel or delay this course due to any unforeseen circumstances. In the event this meeting would have to be canceled, OhioHealth will refund your registration fee. We are not responsible for any travel, hotel or other costs incurred.
