CONNECTING TECHNOLOGY TO PATIENT CARE AND OUTCOMES

MedTech Impact Expo & Conference brings together clinicians, healthcare executives, technology and device developers and manufacturers, entrepreneurs, and members of the investment community for a two-day dialogue that focuses on technology innovation and its impact on patient care and outcomes.

REWARDING MEDTECH INNOVATION

**QUADRUPLE
IMPACT**
CHALLENGE

Watch six finalists compete at the live judging on **Thursday, December 4th!**
More info at medtechimpact.com/challenge

Learn how to adapt and integrate technology to improve patient care and outcomes

Network and take away best practices

Hear from visionaries what the future of medicine looks like and how to prepare

See and demo the latest in wearables, devices, VR and more

Understand the technologies that are improving care, and what data is meaningful

Speakers

Justin Barad, MD
