

9th ANNUAL CLINICAL CARDIOLOGY COURSE - Gatlinburg, TN

Mark your Calendar for October 29th - November 2nd, 2019 to Attend the Only Available Comprehensive Review of Clinical Cardiology Practice designed for Nurse Practitioners and Physician Assistants practicing in Cardiology!

Designed by and for NPs, PAs, and Advanced Practice Nurses

Board Certification Exams Offered Onsite November 2, 2019

Location of Course: The Park Vista; a Doubletree by Hilton - Gatlinburg, TN

Address: The Park Vista; a Doubletree by Hilton,
705 Cherokee Orchard Road, Gatlinburg, TN 37764

Phone for Group Reservations: 800-421-7275
be sure to state you are with this Group:
American Board of Cardiovascular Medicine to receive your
discounted rate.

Room rates: \$165 S/D occupancy.
Room blocks are only held till September 27, 2019, at that time the
price will go up to the usual rate, so book your room early.

Conference Costs, Incentives, & CE Credit:

Conference & Exam Fees:

Pre-Conference Adv. ECG Course

Early Bird Fee = \$130
(After August 27th, 2019 = \$150)

Clinical Cardiology Course

Early Bird Fee = \$595
(After August 27th, 2019 = \$695)

Exam Fee

Early Bird = \$350
(After August 27th, 2019 = \$395)

Registration Incentives

ACCNP & ACCN Members Receive back 10% of the course and exam fees at the conclusion of the course. Membership Pays!

Continuing Education Credit

26 CE credits are awarded (6 of which will be in Pharmacology) by the Florida Board of Nursing under provider number 50-14076. We do not provide CME credits for this event.

Faculty, Staff & Previous Locations

Faculty:

- Alice Friedrich, MS, ANP, ACNP, CVNP-BC
- Liane Garrett, DNP, FNP-C, CVNP-BC
- Vicki Hayes, DNSc, MSN, ECG-BC, CVNP-BC
- Jonni Cooper, CEO/ABCM, MACCN

Onsite Staff:

- Jonni Cooper
- Bobbi Lucido
- Jennifer Ragan

Previous Locations of the Clinical Cardiology Course:

- 1st Annual - May 2013 - Sarasota, FL
- 2nd Annual - June 2013 - Newport Beach, CA
- 3rd Annual - Sept. 2014 - National Harbor, MD
- 4th Annual - July 2015 - Houston, TX
- 5th Annual - Sept. 2015 - Fort Myers, FL
- 6th Annual - May 2016 - Orlando, FL
- 7th Annual - October 2017 - Fort Myers, FL
- 8th Annual - July 2018 - Nashville, TN

Agenda Timeline:

October 29, 2019

Pre-Conference -
Advanced ECG
Reading and
Responding

7:00 - 7:55am -
Register and join us
for a hearty breakfast
8:00am - Introduction
8:15am - 12:15pm -
Course in Session
12:15pm - 1:15pm -
Lunch on your own
1:20pm - 4:00pm -
Course in Session
(Afternoon
refreshment break
will be provided)

October 30, 2019

Clinical Cardiology
Sessions

7:15 - 7:55am - Sign
in and join us for a
hearty breakfast
8:00am - 12:00pm -
Course in Session
12:00pm - 1:00pm -
Lunch on your own
1:10pm - 4:00pm -
Course in Session
(Afternoon
refreshment break
will be provided)

October 31, 2019

7:15 - 7:55am - Sign in
and join us for a hearty
breakfast
8:00am - 12:00pm -
Course in Session
12:00pm - 1:00pm -
Lunch on your own
1:10pm - 4:00pm -
Course in Session
(Afternoon refreshment
break will be provided)

November 1, 2019

7:15 - 7:55am - Sign in
and join us for a
hearty breakfast
8:00am - 12:00pm -
Course in Session
12:00pm - 1:00pm -
Lunch on your own
1:10pm - 4:00pm -
Course in Session
(Afternoon
refreshment break will
be provided)

November 2, 2019

8:00am - 12:00pm - CVNP
and CVRN Exams Onsite

PROGRAM TOPICS:

Daily Program Agenda to Follow

Advanced ECG Reading & Responding

October 9, 2019

- This pre-conference in Advanced ECG reading and responding is being hosted by the popular demand of Nurse Practitioners and Physician Assistants nationwide. Many need to sharpen their skills at a systematic approach to the electrocardiogram. Let us help take the mystery out of ECG reading, and provide you with the diagnostic tools needed to help you master even the most difficult ECG.
- Topics covered will be the 8 Common Cardiac Emergencies facing clinical caregivers today.

Advanced ECG Course Agenda

1. Myocardial Infarction and Ischemia
2. Pulmonary Embolism
3. Pericarditis
4. Narrow or Wide-QRS Tachycardias
5. Preexcitation Tachycardias
6. Electrolyte Disorders
7. Sick Sinus Syndromes
8. Advanced AV Block

CLINICAL CARDIOLOGY CONFERENCE 1

CORONARY ARTERY DISEASE: PREVENTION AND CHRONIC STABLE CAD:

- Risk Stratification and Prevention of CAD
- Assessment and Medical Management of Patients with Known CAD
- Angiography
- Revascularization for Patients with CAD

CORONARY ARTERY DISEASE: ACS

- Assessment and Reperfusion Therapies for Patients with ACS
- ACS Adjunctive Therapies
- Complications of Myocardial Infarction
- CT and MRI and Nuclear Imaging

ASSESSMENT OF ISCHEMIC HEART DISEASE:

- Stress Echocardiography: Role and Risk
- Role of Echo in Acute Settings
- Mechanical Complications of MI
- Myocardial Infarction Mimics

ECHOCARDIOGRAPHY:

- Classic M-Mode and Transesophageal Echo
- Doppler Hemodynamics
- RV Function and Pulmonary Hypertension
- Identifying Masses in the Heart
- 3D Echocardiography: Clinical Application

HYPERTENSION:

- New Guidelines for Identification of Hypertension
- Complications of Unmanaged Hypertension
- Diagnostic Work-up
- Essential or Primary Hypertension
- Secondary Hypertension
- Resistant
- Update on Therapy

CLINICAL CARDIOLOGY CONFERENCE 2

HEART FAILURE:

- Mechanisms of Heart Failure
- Medical Treatment of Chronic Stable Congestive Heart Failure
- Medical Treatment for Acute Decompensated Congestive Heart Failure
- Cardiac Device and Replacement Therapy (Transplant)

ASSESSMENT OF CARDIOMYOPATHIES:

- Dilated Cardiomyopathy
- Hypertrophic Cardiomyopathy
- Constriction vs. Restriction

ASSESSMENT OF VALVULAR HEART DISEASE:

- Abnormal Heart Sounds
- Valvular Stenosis
- Valvular Regurgitation
- Prosthetic Valves and Other Forms of Valve Disease

INFLAMMATORY HEART DISEASE:

- Pericarditis
- Endocarditis
- Myocarditis

THE NEGLECTED HEART:

- Primary Pulmonary Hypertension
- Secondary Pulmonary Hypertension
- Pulmonary Hypertension with Right Ventricular Failure
- Diagnostic Testing
- Treatment Options

VASCULAR DISEASE:

- Thromboembolic and Other Venous Diseases
- Diseases of the Aorta
- Diseases of the Peripheral Arteries
- Carotid and Renal Vascular Disease
- Ventricular Function

CLINICAL CARDIOLOGY CONFERENCE 3

ELECTROCARDIOGRAPHY:

- Myocardial Infarction
- Myocardial Ischemia
- Supraventricular Arrhythmias
- Ventricular Arrhythmias
- Advanced AV Blocks

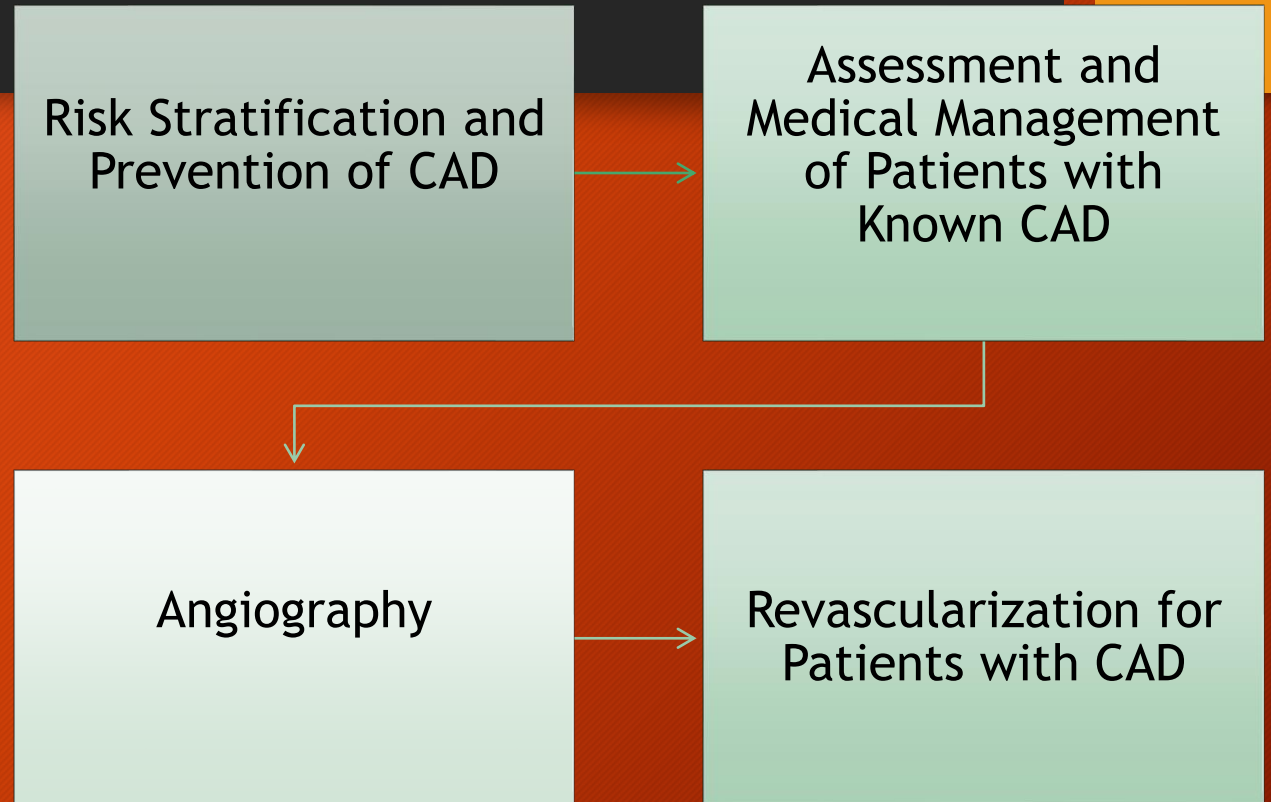

ATRIAL FIBRILLATION & CURRENT MANAGEMENT OPTIONS:

- Atrial Fibrillation: Diagnosis and Stroke Prevention
- Atrial Fibrillation: Cardioversion, Drugs, Ablation)

THE ELECTRICAL SYSTEM OF THE HEART: DRUGS & DEVICES:

- Antiarrhythmic Drugs, Interactions, and Pro-arrhythmias
- Syncope and Out of Hospital Arrest: Non-Invasive, Invasive Testing, and Management
- Pacemakers, ICDs, and Cardiac Resynchronization Therapy

Coronary Artery Disease: Prevention and Chronic Stable CAD:

Coronary Artery Disease: ACS:

Assessment and
Reperfusion
Therapies for
Patients with ACS

ACS Adjunctive
Therapies

Complications of
Myocardial Infarction

CT and MRI and
Nuclear Imaging

Assessment of Ischemic Heart Disease:

Stress Echocardiography: Role and Risk

Role of Echo in Acute Settings

Mechanical Complications of MI

Myocardial Infarction Mimics

Echocardiography:

Classic M-Mode and Transesophageal Echo

Doppler Hemodynamics

RV Function and Pulmonary Hypertension

Identifying Masses in the Heart

3D Echocardiography: Clinical Application

Hypertension:

New Guidelines for Identification of Hypertension

Complications of Unmanaged Hypertension

Diagnostic Work-up

Essential or Primary Hypertension

Secondary Hypertension

Resistant

Update on Therapy

Heart Failure:

Mechanisms of Heart Failure

Medical Treatment of Chronic Stable
Congestive Heart Failure

Medical Treatment for Acute
Decompensated Congestive Heart Failure

Cardiac Device and Replacement Therapy
(Transplant)

Dilated Cardiomyopathy

Hypertrophic Cardiomyopathy

Assessment of
Cardiomyopathies:

Constriction vs. Restriction

Abnormal Heart Sounds

Assessment of Valvular Heart Disease

Valvular Stenosis

Valvular Regurgitation

Prosthetic Valves and Other Forms
of Valve Disease

Inflammatory Heart Disease:

Pericarditis

Endocarditis

Myocarditis

The Neglected Right Heart:

Primary Pulmonary Hypertension

Secondary Pulmonary Hypertension

Pulmonary Hypertension with Right Ventricular Failure

Diagnostic Testing

Treatment Options

Vascular Disease:

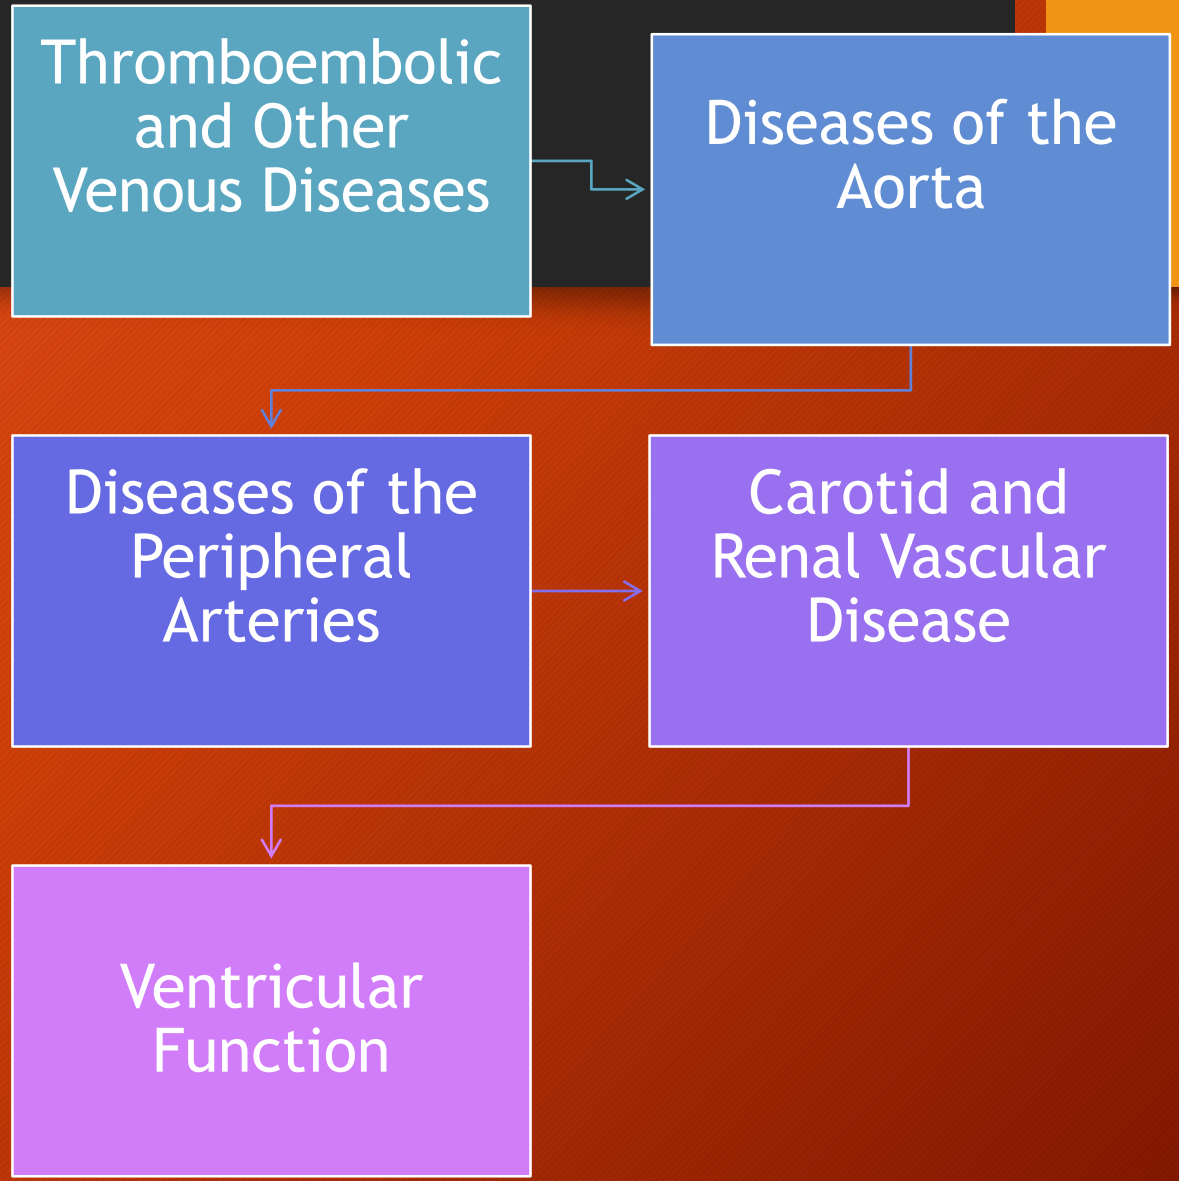

Thromboembolic
and Other
Venous Diseases

Diseases of the
Aorta

Diseases of the
Peripheral
Arteries

Carotid and
Renal Vascular
Disease

Ventricular
Function

Atrial Fibrillation: Diagnosis and Stroke Prevention

**Atrial Fibrillation
and Current
Management Options**

**Atrial Fibrillation:
Cardioversion, Drugs, Ablation)**

Antiarrhythmic Drugs, Interactions, and Pro-arrhythmias

**The Electrical
System of the
Heart:
Drugs & Devices:**

Syncope and Out of Hospital
Arrest: Non-Invasive, Invasive
Testing, and Management

Pacemakers, ICDs, and
Cardiac Resynchronization
Therapy

A PERFECT GATLINBURG GETAWAY

With spectacular spring wildflowers, picture-perfect summers and some of the world's greatest fall colors, there's no secret why the Great Smoky Mountains National Park remains America's most visited national park. And with its convenient location adjacent to the park's entrance, it's no secret that Westgate Smoky Mountain Resort & Spa is the perfect place to start your [Gatlinburg getaway!](#)

Immerse Yourself in the Beauty of the Great Smoky Mountains

Visit Gatlinburg and surround yourself with one of nature's most amazing landscapes. The Great Smoky Mountains get their name from the smoky mist that surrounds them, but look deeper and you'll discover 500,000 acres of magnificent Southern Appalachian wilderness.

The mountains are on one of the oldest uplands on earth! The heavily forested mountains are home to diverse wildlife, breathtaking streams, dazzling waterfalls and flowering plants. You'll also find a wide variety of activities throughout the year including 800 miles of trails and scenic routes for hiking, exploration and sightseeing.
