COURSE DIRECTOR: Liudvikas Jagminas, MD, FACEP, Chief of Service Department of Emergency Medicine, Beth Israel Deaconess Hospital - Plymouth, Harvard Medical Faculty Physicians, Harvard Medical School, Plymouth, Massachusetts

MEDICAL DIRECTOR: Mark Murphy, MD, MSN Education, Austin, Texas and Northwest Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, physician assistants, registered nurses, paramedics, pre-hospital emergency medicine care providers and all other medical care providers who must maintain state-of-the-art knowledge of not only the specialty, but also of additional related disciplines which both impact and are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice; maintain state-of-the-art knowledge of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues to function toward common goals in providing consistent care in all settings in which emergency care is provided; serve as an expert in matters involving quality, safe and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through evidenced based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services inherent in the professions

Explain the selection, dosing considerations with methods of administration, safe use, contraindications and precautions of drugs based on their chemical and pharmacologic properties

Outline comprehensive patient management plans for the special patient population

Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides

Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups defining medical, legal, philosophical, ethical, and health care management standards.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas and Northwest Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas, designates this live activity for a maximum of 20 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Anesthesiologist Assistants: The National Commission for Certification of Anesthesiologist Assistants (NCCAA) will accept CME credit for programs approved for continuing medical education by the AMA, AAPA, and ACCME.

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1032619; Expiration Date 6/3/16.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), and the Georgia Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Amsterdam is often referred to as one of the most colorful cities in the world. Where else can you find so many famous museums, cozy pubs, fun shops, and flower markets? Visit the 350-year-old Royal Palace, the City Hall of Amsterdam to enjoy magnificent paintings and delicate sculptures. The Van Gogh Museum is also a unique experience where you can see the most Vincent van Gogh paintings under one roof.

When the diamond trade was introduced to Amsterdam in the 16th century, this city developed into one of the world's most important diamond centers. After World War II, almost nothing remained of this, but now the diamond trade attracts millions of tourists and buyers from around the world. Watch as diamond merchants give demonstrations in diamond cutting. Be sure to visit Artis, the oldest zoo in The Netherlands. Here you can view animals from all parts of the world, and explore the Geological Museum, the Zoological Museum, the Plant Houses, the Aquarium or the Planetarium. Another important landmark here is the Anne Frank House, the hiding place where Anne Frank wrote her famous diary during World War II.

For a refreshing view of Amsterdam, why not visit the Heineken Reception Center? Afterward, jump aboard a canal cruise where calm waterways shaded in green foliage reflect five centuries of architectural glory. Evenings are an extra special experience while taking a candlelight cruise.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.northwestseminars.com or call (800) 222-6927.

Call Universal Travel for your airline needs. Be sure to mention Northwest Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 Email: kellee@universaltavel1.com
