

## Purpose Statement

**Astute Body and MSK Imaging** features a detailed analysis of abdominal, pelvic and musculoskeletal radiologic subspecialties. Expert faculty from **Penn Radiology** and other esteemed institutions focus on practical, evidence based information to build interpretive skills and diagnostic confidence. The didactic presentations and case reviews throughout this activity emphasize modality advances and protocol selection. This should result in enhanced communication with colleagues and improved patient care. Radiologists of all experience levels will benefit from this thoughtful update in body and musculoskeletal imaging.

## Target Audience and Objectives

The educational design of this activity addresses the needs of academic and clinical practice radiologists.

After completing this activity, practicing radiologists should be better able to:

1. Discuss MR and CT appearances of abnormalities in the joints and abdomen
2. Detail pathology of the shoulder, knee, and hip from the clinician's perspective
3. Describe abdominal traumatic injuries
4. Evaluate acute bowel pathology
5. Discuss liver pathology, including benign and malignant lesions
6. Describe appropriate imaging protocols that optimize diagnostic accuracy and minimize radiation exposure, particularly in the pediatric population

## Accreditation and Designation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Global Education Group (Global) and Meetings by Mail. Global is accredited by the ACCME to provide continuing medical education for physicians.

Global Education Group designates this enduring material for a maximum of 15 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This enduring material includes 12.5 hours MR, 7.5 hours Ultrasound and 6 hours CT. Several presentations concern multiple modalities.

All credits for this enduring material are applicable toward Self Assessment CME requirements for Maintenance of Certification (MOC).

There is a fee for this activity.

For information about the accreditation of this program, please contact Global at 303-395-1782 or [cme@globaleducationgroup.com](mailto:cme@globaleducationgroup.com).

## Disclosure of Relevant Financial Relationships

Global Education Group (Global) adheres to the policies and guidelines, including the Standards for Integrity and Independence in Accredited CE, set forth to providers by the Accreditation Council for Continuing Medical Education (ACCME) and all other professional organizations, as applicable, stating those activities where continuing education credits are awarded must be balanced, independent, objective, and scientifically rigorous. All persons in a position to control the content of an accredited continuing education program provided by Global are required to disclose all financial relationships with any ineligible company within the past 24 months to Global. All financial relationships reported are identified as relevant and mitigated by Global in accordance with the Standards for Integrity and Independence in Accredited CE in advance of delivery of the activity to learners. The content of this activity was vetted by Global to assure objectivity and that the activity is free of commercial bias.
