

LIVE SATELLITE CASE TRANSMISSIONS FROM LA JOLLA AND NEW YORK

2017

28TH ANNUAL

Cardiovascular Interventions

November 7–10, 2017

Hilton La Jolla Torrey Pines
La Jolla, California

This conference fulfills the new Title 17 California
Code requirement for 4 CE credits in radiation
safety for the clinical uses of fluoroscopy

COURSE DIRECTOR

Paul S. Teirstein, MD, FACC, FSCAI

SCRIPPS COURSE CO-DIRECTORS

Matthew J. Price, MD, FACC, FSCAI

Richard A. Schatz, MD, FACC

Curtiss T. Stinis, MD, FACC, FSCAI

Introduction

Course Overview

Cardiologists are trained during their fellowship years in the latest techniques, technologies, standards of practice and guidelines for patient care. However, the practice of medicine changes rapidly and the discipline of interventional cardiology changes dramatically each year. Changes in interventional cardiology directly impact patient care and require constant updates to physician knowledge and practices. Physicians rely on journal articles, interaction with colleagues and lectures throughout the year to keep their knowledge up-to-date. The primary purpose of the “28th Annual Cardiovascular Interventions” symposium is to provide the practicing physician and cardiovascular care team with a concentrated exposure to new developments in interventional cardiology that will positively influence patient outcomes.

The 2017 scientific program has been carefully designed by consulting recent key clinical trial data, articles in peer-reviewed scientific journals, physician focus groups, past evaluations, and needs assessments. By attending this program, participants will learn the latest advances and debates in interventional cardiology. They will return to their practice environment armed with the latest evidence-based, practical information to improve patient care and outcomes.

Conference Highlights

- Plenary talks from nationally recognized experts
- Live satellite case transmissions from La Jolla and New York
- Ample question and answer time with course faculty
- Receptions and networking opportunities among colleagues
- Expanded satellite symposia and pre-conference seminar

Target Audience

This course is designed for interventional cardiologists, cardiac surgeons, vascular surgeons, internists, nurses, cath lab technicians, perfusionists, and those with a special interest in interventional cardiology. No experience in interventional cardiology is required, however a basic understanding of the field is recommended.

Educational Objectives

After attending this activity, participants should be able to:

- Apply new technical approaches to specific lesion subsets such as bifurcation lesions, left main lesions, chronic total occlusions and saphenous vein graft disease
- Integrate the latest guidelines and practice improvements into the management of myocardial function
- Discuss new techniques under development for percutaneous cardiac valve repair and replacement
- Reduce common catheterization laboratory patient complications using new techniques and technologies
- Critique the latest evidence supporting new cardiac imaging modalities such as IVUS and FFR guided stent deployment
- Prescribe the appropriate antithrombotic therapies based on the latest data and guidelines
- Evaluate the indications, practical implantation techniques and evidence base for bioresorbable scaffolds

CME Accreditation and Designation

Promedica International is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Promedica International designates this live activity for a maximum of 23 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Provider approved by the California Board of Registered Nursing, Provider #8495 for 23 Contact Hours.

The American Board of Cardiovascular Perfusion (ABCP) has approved a total of 27.6 Category 1 CEUs for perfusionists for Wednesday, November 8 (4.8), Thursday, November 9 (11.4), and Friday, November 10 (11.4).

ABIM MOC Accreditation

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 23 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Radiation Safety

This conference fulfills the new Title 17 California Code requirement for 4 CE credits in radiation safety for the clinical uses of fluoroscopy.

Commercial Support

This course is supported, in part, by educational grants from industry, in accordance with the ACCME accreditation Standards for Commercial Support. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.

Cultural and Linguistic Competency

This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity.

Faculty

Course Director

Paul S. Teirstein, MD, FACC, FSCAI

Chief of Cardiology
Director, Interventional Cardiology
Scripps Clinic
Director, Scripps Prebys Cardiovascular Institute
Scripps Health
La Jolla, CA

Scripps Course Co-Directors

Matthew J. Price, MD, FACC, FSCAI

Director, Cardiac Catheterization Laboratory

Belfast, Northern Ireland

Faculty Disclosure

In accordance with the ACCME Standards for Commercial Support, course directors, planning committees, faculty and all others in control of the educational content of the CME activity must disclose all relevant financial relationships with any commercial interest that they or their spouse/partner may have had within the past 12 months. If an individual refuses to disclose relevant financial relationships, they will be disqualified from being a part of the planning and implementation of this CME activity. Employees of a commercial interest with business lines or products relating to the content of the CME activity will not participate in the planning or any accredited portion of the conference. Disclosure will be made to all participants at the conference location, prior to the educational activity commencement.

Scientific Program 2017

Updates to the program will be available online at www.cvinterventions.com

Tuesday, November 7 Pre-Conference Seminar

8:30 AM – 5:00 PM

Sponsored by Abiomed, Inc.

This activity is not included in CME hours

Impella: Advanced Use and Understanding of Percutaneous Hemodynamic Support

8:30 AM **Welcome**

Paul S. Teirstein, MD

8:35 AM **High-Risk PCI: Should We be Treating More Patients with PCI?**

James McCabe, MD

8:55 AM **Protected PCI: A New Treatment Strategy**

- Who: Patient Identification
- How: Critical Skills and Competency
- What: Requisite Tools

Mark Goodwin, MD

9:15 AM **What is the Appropriate Revascularization Strategy for Protected PCI?**

- Complete Revascularization vs. Staged Procedures

Tony J. DeMartini, MD

9:35 AM **Preventing AKI: Using Impella in Patients with Renal Dysfunction**

Michael P. Flaherty, MD, PhD

10:00 AM **Break**

10:15 AM **Basics of Hemodynamic Principles: Introduction to TEACH**

Daniel Burkhoff, MD, PhD

11:00 AM **Case Presentations**

- CTO's and Atherectomy: The Role of Mechanical Circulatory Support with Hemodynamic Simulation

Tony J. DeMartini, MD

11:15 AM **UPLM or MVD with Moderately Reduced EF with Hemodynamic Simulation**

Michael P. Flaherty, MD, PhD

11:30 AM **Axillary Insertion of Impella**

James McCabe, MD

11:50 AM **Panel Discussion**

12:00 PM **Lunch**

12:45 PM **Essential Elements for Building a Leading Protected PCI Program**

- HeartTeam Approach
- Protocols and Algorithms
- Outreach Programs
- Protected PCI Coordinator

Mark Goodwin, MD

1:05 PM **Panel Discussion on Protected PCI Key Take Home Messages**

Contemporary Look at the Treatment of Cardiogenic Shock

1:15 PM **Pharmacologic and Device-Based Approaches to Acute Heart Failure and Cardiogenic Shock: Treating Patients with Pressors, IABP, Impella, and ECMO**

Daniel Burkhoff, MD, PhD

1:45 PM **War on Shock: Building the Team of Teams**

Alexander Truesdell, MD

2:15 PM **Door-to-Door Support: A New Quality Metric**

Perwaiz Meraj, MD

2:35 PM **Choosing MCS Options in AMI Cardiogenic Shock: Rationale for Impella First**

Alexander Truesdell, MD

2:55 PM **Break**

3:15 PM **Practical Insights for Adding Hemodynamic Support Into Your Critical Care Path: The Detroit Cardiogenic Shock Initiative (CSI) Experience**

Theodore L. Schreiber, MD

3:45 PM **Information Gleaned from Using a RHC**

Ajay Srivastava, MD

4:00 PM **Case Presentations on CGS:**

4:00 PM

Early Support Made a Difference (A Case from Detroit CSI)

Theodore L. Schreiber, MD

4:15 PM

I Waited Too Long

Alexander Truesdell, MD

4:30 PM

Right and Left Ventricular Support

Perwaiz Meraj, MD

4:45 PM **Panel Discussion on Key Take-Away Messages**

Paul S. Teirstein, MD

5:00 PM **Reception in the Fairway Garden**

6:00 – 8:00 PM

Dinner Symposium

New Technology for Transcatheter Aortic Valve Replacement with “Hands-On” Opportunities

This activity is not included in CME hours

This dinner symposium will feature state-of-the-art lectures, hands-on stations, and case presentations.

Look for updates to the program online at www.cvinterventions.com

Wednesday, November 8

7:30 – 9:00 AM

Breakfast Symposium

What's Next for Transradial? Achieving Better Clinical and Economic Outcomes for STEMI

Sponsored by Terumo Interventional Systems

This activity is not included in CME hours

Moderator: Matthew J. Price, MD

Tips and Tricks for Building a Radial STEMI Practice

Mauricio G. Cohen, MD

Cardiovascular Care Transformation for STEMIs: The Balance of Quality and Value

Amit Amin, MD, MSc

The Major Role of Cost and Quality in the New AMI Bundle Environment

Ryan Graver

9:30 – 10:30 AM

Symposium

Antiplatelet Therapy for Patients with STEMI Undergoing Primary PCI

Sponsored by Chiesi USA, Inc.

This activity is not included in CME hours

11:00 AM – 1:00 PM

Lunch Symposium

Contemporary PCI

Sponsored by Abbott Vascular

This activity is not included in CME hours

12:00 PM **General Symposium Registration Open**

1:30 PM **Live Cases 1 & 2 from Scripps Clinic**

IVUS Imaging Caveats: How IVUS Should be Integrated Into Your Practice?

Ziad Ali, MD, DPhil

FFR Tips, Tricks and Pitfalls: How to Deal with Challenging Anatomy

Morton Kern, MD

Radiation Safety in the Cath Lab

Paul S. Teirstein, MD

3:30 PM **Break & View Exhibits**

4:00 PM **Live Cases 3 & 4 from Scripps Clinic**

Supported PCI: Case Selection and Outcomes

Mark Goodwin, MD

Bifurcation Approaches Made Simple

Curtiss T. Stinis, MD

Tips and Tricks for PCI Success

Curtiss T. Stinis, MD

6:00 – 7:00 PM

Meet the Experts Reception

Sponsored by Boston Scientific

This activity is not included in CME hours

Moderator: Paul S. Teirstein, MD

Faculty : William Lombardi, MD, Ashish Pershad, MD,

Curtiss T. Stinis, MD

7:00 – 9:00 PM

Dinner Symposium

Great Cases in Interventional Cardiology: Complications, Difficult Decisions, Challenging Anatomy, and More!

Sponsored by Medtronic, Inc.

This activity is not included in CME hours

Session Chairs: Ziad Ali, MD, DPhil, Curtiss T. Stinis, MD,

Paul S. Teirstein, MD

Thursday, November 9

6:30 – 7:30 AM

Breakfast Symposium

Precision Coronary Interventions: The Evolving Role of Physiology and Imaging

Sponsored by ACIST Medical Systems

in co-promotion with Medtronic

This activity is not included in CME hours

Welcome/Coronary Physiology and Imaging in the Lab: The Best of Times for New Technologies and New Outcomes

Approaches to Coronary Physiology: FFR, Contrast FFR, Pd/Pa and iFR – When to Use What

Rapid Exchange FFR Microcatheter – the Value in Complex- and Post-PCI

HD-IVUS in Complex PCI – The Advantage of Seeing More

6:30 AM **Continental Breakfast & View Exhibits**

7:30 AM **Live Cases 5 & 6 from Scripps Clinic**

Show Me the Data: Key Clinical Trials of 2017

Ehtisham Mahmud, MD

Latest FFR and iFR Data

Barry Rutherford, MD

The Latest Transcatheter Revolution: Catheter Based Mitral Valve Repair and Replacement

Matthew J. Price, MD

9:30 AM **Break & View Exhibits**

10:00 AM **Live Cases 7 & 8 from St. Francis Medical Center, New York, NY**

Live Operators: Jeffrey Moses, MD

Richard Shlofmitz, MD

Unprotected Left Main PCI: Ready for Prime Time

Paul S. Teirstein, MD

Transcatheter Aortic Valve Replacement (TAVR): Expanding the Indications

Paul S. Teirstein, MD

12:00 PM **Lunch**

Anti MOC Update

Paul S. Teirstein, MD

Challenging Cases Panel Discussion

1:30 PM **Live Cases 9 & 10 from Scripps Clinic**

Radial PCI: Getting from the Wrist to the Coronary Lesion – How to Deal with Hostile Anatomy

Matthew J. Price, MD

TAVR Tips and Tricks: How to Succeed with Challenging Cases

Curtiss T. Stinis, MD

Avoiding and Managing Femoral Access Site Complications

Curtiss T. Stinis, MD

3:30 PM **Break & View Exhibits**

4:00 PM **Live Cases 11 & 12 from Scripps Clinic**

Duration of Dual Anti-Platelet Therapy Post Stenting: How to Integrate the Data and Treat Real World Patients

Dean Kereiakes, MD

Left Atrial Appendage Closure in Atrial Fibrillation to Prevent Stroke

Matthew J. Price, MD

Public and Physician Unawareness of Medical Reimbursement for Common Hospital Procedures

Richard A. Schatz, MD

6:00 PM

Sponsored by Boston Scientific

These activities are not included in CME hours

Cocktail Hour and Hands-On

Visit the workstations and interact with new tools for complex intervention

7:00 PM

Dinner Symposium

Managing Complexity with Your PCI Patients: Surgical Turndown, Aortic Stenosis, and AFib Related Stroke Risk

Welcome and Brief Tee-up of the Complex Patient and How to Manage Their Care

Matthew J. Price, MD

Complete Revascularization When the Surgeons Look Away

William Lombardi, MD

6:00 PM **Final Adjournment**

Conference Location & Hotel Accommodations

Hotel Information

Please make your own hotel reservations.

The Hilton La Jolla Torrey Pines Hotel is located on the internationally famous Torrey Pines Golf Course. Adjacent to Scripps Clinic, 10 minutes north of lovely La Jolla, and 20 minutes from the San Diego airport, the Hilton is close to all the attractions that make San Diego so desirable to visit. With the Pacific Ocean as a backdrop, all rooms command a spectacular view of either the ocean and championship golf course, or a meticulously tended, lush garden.

The Hilton La Jolla Torrey Pines is offering a special group rate of \$239 (plus tax and parking, if required) for meeting attendees through October 18, 2017 or until the block fills, whichever comes first. After that date, reservations will be accepted based on availability.

Hilton La Jolla Torrey Pines

10950 North Torrey Pines Road, La Jolla, California 92037

Reservations: 1-800-HILTONS

Hotel Direct: 858-558-1500

You must mention the Cardiovascular Interventions 2017 symposium when making your reservation in order to receive the special group rate.

Make your reservation online at www.cvinterventions.com

Click the "Hotel" tab and follow the direct link to the special reservation site for our group.

Please be sure to join us for Wednesday night's dinner symposium! "Great Cases in Interventional Cardiology"

This will be an interactive symposium highlighting interesting cases with lively discussion by our expert panelists and conference attendees.

SUBMIT YOUR CASES!

This is **your** opportunity to be part of the conference! Have an interesting case that you want to share or get input on? Submit it on DVD for consideration. If selected, you will have the opportunity to present your case to our panel of experts and to your colleagues for discussion. The 3 best cases will be chosen for presentation.

Cases can involve any topic or situation encountered in Interventional Cardiology including:

- Complex PCI
- Peripheral Interventions
- Clinical Decision Making
- Structural Heart Interventions

Submit Cases to:

Curtiss T. Stinis, MD • 9898 Genesee Ave • AMP-200 • La Jolla, CA 92037 • 858-824-5234
Rlaw@promedicacme.com

Registration Fees & Information

Cardiovascular Interventions 2017

Included: Course tuition, breakfasts, breaks, lunches, pre-conference seminar, satellite symposia, and electronic course materials

Not Included: Travel costs, lodging, and parking

Conference Registration Fees

..... Physicians	\$899 through Sept 25	\$999 Sept 26 – Onsite
..... Fellows & Residents	\$599 through Sept 25	\$699 Sept 26 – Onsite
..... Nurses, Technicians & Others	\$399 through Sept 25	\$499 Sept 26 – Onsite

PRE-CONFERENCE SEMINAR/SATELLITE SYMPOSIA

- Yes, I will attend the Tuesday Pre-Conference Seminar
- Yes, I will attend the Tuesday Dinner Symposium
- Yes, I will attend the Wednesday Breakfast Symposium
- Yes, I will attend the Wednesday 9:30 – 10:30 AM Symposium
- Yes, I will attend the Wednesday Lunch Symposium
- Yes, I will attend the Wednesday Dinner Symposium
- Yes, I will attend the Thursday Breakfast Symposium
- Yes, I will attend the Thursday Dinner Symposium
- Yes, I will attend the Friday Breakfast Symposium

BY COMPLETING THIS REGISTRATION FORM AND RETURNING IT TO PROMEDICA INTERNATIONAL YOU ARE ACKNOWLEDGING COMPLIANCE WITH ALL ATTENDANCE POLICIES.

PLEASE PRINT CLEARLY and provide your direct contact information in order to receive any conference communications and updates. Your badge will read as follows:

FIRST, MI, LAST NAME DEGREE (MD, DO, PHD, RN, etc)

AFFILIATION / HOSPITAL / COMPANY SPECIALTY

MAILING ADDRESS

CITY STATE ZIP

PHONE FAX

EMAIL (Required for confirmation & CME) FAX

Please indicate any special needs (including dietary restrictions)

Special requests will be considered and accommodated in full compliance with the Americans with Disabilities Act (ADA)

Payment Method Check Please make checks payable to Promedica International (in U.S. Dollars only)

..... Visa Mastercard Amex Discover

If paying by credit card, please complete information below

Registration Confirmation

A confirmation letter will be emailed to you upon receipt of the conference registration form and payment. If you have not received it within two weeks, please contact Promedica International CME.

Attendee Cancellation Policy

The course tuition is refundable, minus a \$100 processing fee, if your cancellation is received in writing no later than September 26, 2017. Cancellations cannot be accepted over the telephone. Refunds will not be available after September 26, 2017.

Guest Attendance Policy

All conference activities (including educational sessions, meal functions, exhibit hall, etc.) are exclusively reserved for conference attendees. Non-registered guests (including children, family members, colleagues, etc.) are not allowed in the conference areas. Badges provided at registration are required for entrance into all functions and will be strictly enforced.

Symposium Materials

All symposium information including the detailed agenda, faculty listing, faculty disclosures, industry support, and course materials will be found on our fully mobile website.
