7th Annual Hematology and Medical Oncology Board Review:

CONTEMPORARY PRACTICE

This four day course will provide an up-to-date and comprehensive review of the diagnosis, staging, and management of neoplastic disease, including solid tumor and hematologic oncology. Lectures will focus on disease specific topics in gastrointestinal, gynecologic, thoracic, head and neck, genitourinary, soft tissue and skin, and central nervous system oncology, as well as hematologic oncology.

The target audience for this course is medical oncology professionals, including physicians, nurses, pharmacists, fellows and residents.
