

2016

Progress and Controversies in Gynecologic Oncology Conference

22-23 January 2016

Crowne Plaza Barcelona - Fira Center
Barcelona, Spain

www.prIMEoncology.org/gyncongress2016

Welcome

On behalf of the co-chairs and Scientific Committee, we are pleased to invite you to the *2016 Progress and Controversies in Gynecologic Oncology Conference*, to be held in Barcelona, Spain, on 22-23 January 2016.

This meeting will serve as a valuable forum for the presentation and discussion of newly available data across various gynecologic malignancies, including ovarian, cervical, and endometrial cancers. Participants will be provided with updates on practice-changing data in a practical and interactive format, fostering discussion, and impacting clinical outcomes for patients.

Who Should Attend

The *2016 Progress and Controversies in Gynecologic Oncology Conference* is intended for gynecologists, oncologists, radiation therapists, surgeons, pathologists, and other practitioners including allied health professionals involved in the management of gynecologic malignancies.

Learning Objectives

After successful completion of this educational activity, participants should be able to:

- * Develop a practical approach to cervical cancer and vulvar cancer disease management
- * Describe the role of various therapeutic modalities in the management of endometrial cancer
- * Derive the optimal management of ovarian cancer based on disease stage and clinical presentation
- * Assess standard and emerging therapeutic options for recurrent ovarian cancer and discuss their impact on patient outcomes
- * Discuss contemporary strategies for the management of various rare gynecologic malignancies

Continuing Education

An application has been made to the EACCME® for CME Accreditation of this event. CPD approval has been sought from the Federation of the Royal Colleges of Physicians.

Provider

This educational activity is provided by prlME Oncology.

Venue

Crowne Plaza Barcelona - Fira Center
Avda Rius I Taulet, 1-3
Barcelona, Spain

Any registration fees remitted will be refunded after the conference. Substitutions are accepted with written notification. No refunds will be made if notice is received after 29 November 2015.

prIME Oncology does not accept responsibility for reimbursement of travel, accommodation, or any other costs incurred by registrants in the rare event that this meeting should be canceled for any reason. Every effort will be made to give reasonable notice in the event of cancellation. The event agenda is subject to change without notice.

Agenda

Friday, 22 January 2016

- 13.00 Welcome and introduction
- 13.10 Keynote lecture
Immunotherapy in gynecologic malignancies

Session I Cervical Cancer and Vulvar Cancer

- 13.50 Reconstructive surgery for vulvar cancer
- 14.20 Debate
Neoadjuvant chemotherapy versus primary radiochemotherapy in FIGO IB2 cervical cancer
Neoadjuvant chemotherapy
Primary radiochemotherapy

- 15.00 Targeted therapy and immunotherapy for cervical cancer

- 15.30 Break

Session II Endometrial Cancer

- 16.00 Sentinel node biopsy in endometrial cancer: Ready for prime time?
- 16.30 Systemic treatment of endometrial cancer: Are there any new agents in sight?
- 17.00 How to incorporate clinical trials into routine daily clinical practice
- 17.30 Day 1 concluding remarks and adjourn

Agenda

Saturday, 23 January 2016

- 08.30 Welcome and introduction

Session III Ovarian Neoplasm I: Recurrence

- 08.35 State of the art: Platinum-resistant disease
- 09.05 State of the art: Platinum-sensitive disease
- 09.35 Strategies for ovarian cancer patients who have received multiple prior therapies
- 10.05 Break

Session IV Ovarian Neoplasm II: Emerging Concepts

- 10.35 News from the 5th Ovarian Cancer Consensus Conference: Consequences for clinical practice?
- 11.05 Genetic testing for ovarian cancer: When, how, and who?
- 11.35 DNA repair inhibitors as targeted agents: Current status and future strategies
- 12.05 Break

- 12.30 Industry-supported satellite symposium

- 13.50 Break

Session V Ovarian Neoplasm III: Practical Issues

- 14.05 Residual tumor following surgery: The strongest prognostic factor or a myth?
- 14.35 Thoracic surgery in ovarian cancer: Why, when, and how?

Session VI Rare Tumors: State of the Art

- 15.05 Sex cord tumors
- 15.35 Gestational trophoblastic neoplasia
- 16.05 Uterine sarcoma
- 16.35 Day 2 concluding remarks
- 16.45 Adjourn

Support

This educational event is industry-supported.

* Saturday's satellite symposium is supported by F. Hoffmann-La Roche Ltd
