

LIVE SATELLITE CASE TRANSMISSIONS

2018

29TH ANNUAL

Cardiovascular Interventions

October 23 – 26, 2018

Hilton La Jolla Torrey Pines
La Jolla, California

This conference fulfills the Title 17 California
Code requirement for 4 CE credits in radiation
safety for the clinical uses of fluoroscopy

COURSE DIRECTOR
Paul S. Teirstein, MD, DNBPAS, FACC, FSCAI

SCRIPPS COURSE CO-DIRECTORS
Matthew J. Price, MD, FACC, FSCAI
Richard A. Schatz, MD, FACC
Curtiss T. Stinis, MD, FACC, FSCAI

Introduction

Course Overview

Cardiologists are trained during their fellowship years in the latest techniques, technologies, standards of practice and guidelines for patient care. However, the practice of medicine changes rapidly and the discipline of interventional cardiology changes dramatically each year. Changes in interventional cardiology directly impact patient care and require constant updates to physician knowledge and practices. Physicians rely on journal articles, interaction with colleagues and lectures throughout the year to keep their knowledge up-to-date. The primary purpose of the “29th Annual Cardiovascular Interventions” symposium is to provide the practicing physician and cardiovascular care team with a concentrated exposure to new developments in interventional cardiology that will positively influence patient outcomes.

The 2018 scientific program has been carefully designed by consulting recent key clinical trial data, articles in peer-reviewed scientific journals, physician focus groups, past evaluations, and needs assessments. By attending this program, participants will learn the latest advances and debates in interventional cardiology. They will return to their practice environment armed with the latest evidence-based, practical information to improve patient care and outcomes.

CME Accreditation and Designation

Promedica International is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Promedica International designates this live activity for a maximum of 23 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Contact Hours

Provider approved by the California Board of Registered Nursing, Provider #8495 for 23 Contact Hours.

Perfusion CEUs

The American Board of Cardiovascular Perfusion (ABCP) has approved a total of 27.6 Category 1 CEUs for perfusionists for Wednesday, October 24 (4.8), Thursday, October 25 (11.4), and Friday, October 26 (11.4).

Registered Cardiovascular Invasive Specialist CEUs

CCI does not approve CEUs directly, however CCI will accept CEUs that have already been approved by accredited sponsors of the Accreditation Council for Continuing Medical Education (ACCME). RCIS attendees will claim the physician certificate option when completing the online evaluation and can use that certificate to claim CEUs from CCI.

Radiologic Technologist CE Credits

Category A CE credit is pending approval by the ASRT. Updated information on the determination will be provided online at www.promedicacme.com as soon as it is received.

Conference Highlights

- Live case transmissions from the state-of-the-art Scripps Prebys Cardiovascular Institute
- Plenary lectures from internationally known leaders
- Ample question and answer time with expert faculty
- Attendee receptions with networking opportunities among colleagues
- Diverse satellite symposia and pre-conference seminar on the latest advances

Target Audience

This course is designed for interventional cardiologists, cardiac surgeons, vascular surgeons, internists, nurses, cath lab technicians, perfusionists, registered cardiovascular invasive specialists, radiologic technologists, and those with a special interest in interventional cardiology. No experience in interventional cardiology is required, however a basic understanding of the field is recommended.

Educational Objectives

After attending this activity, participants should be able to:

- Apply new technical approaches to specific lesion subsets such as bifurcation lesions, left main lesions, chronic total occlusions and saphenous vein graft disease
- Integrate the latest guidelines and practice improvements into the management of myocardial function
- Discuss new techniques under development for percutaneous cardiac valve repair and replacement
- Reduce common catheterization laboratory patient complications using new techniques and technologies
- Critique the latest evidence supporting new cardiac imaging modalities such as IVUS, OCT and FFR guided stent deployment
- Prescribe the appropriate antithrombotic therapies based on the latest data and guidelines

ABIM MOC Accreditation

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 23 Medical Knowledge MOC points and Patient Safety MOC credit in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Radiation Safety

This conference fulfills the Title 17 California Code requirement for 4 CE credits in radiation safety for the clinical uses of fluoroscopy.

Commercial Support

This course is supported, in part, by educational grants from industry, in accordance with the ACCME Standards for Commercial Support. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgment will be given to all supporters at the time of the educational activity.

Cultural and Linguistic Competency

This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity.

Faculty Disclosure

In accordance with the ACCME Standards for Commercial Support, course directors, planning committees, faculty and all others in control of the educational content of the CME activity must disclose all relevant financial relationships with any commercial interest that they or their spouse/partner may have had within the past 12 months. If an individual refuses to disclose relevant financial relationships, they will be disqualified from being a part of the planning and implementation of this CME activity. Employees of a commercial interest with business lines or products relating to the content of the CME activity will not participate in the planning or any accredited portion of the conference. Disclosure will be made to all participants at the conference location, prior to the educational activity commencement.

Scientific Program 2018

Updates to the program will be available online at www.cvinterventions.com

Tuesday, October 23 Pre-Conference Seminar

8:00 AM – 4:30 PM in the Fairway Ballroom

Sponsored by Abiomed, Inc.

This activity is not included in CME hours

Advanced Use of Percutaneous Hemodynamic Support with Impella

8:00 AM **Welcome**

Paul S. Teirstein, MD

8:05 AM **Building the Field of Heart Recovery/ Impella Indications**

Seth Bilazarian, MD

8:25 AM **Basics of Hemodynamic Principles: Introduction to TEACH**

Daniel Burkhoff, MD, PhD

8:45 AM **What is Protected PCI and the Appropriate Revascularization Strategy?**

- Patient Identification/Are We Missing Any Patients?
- Treatment Strategies/Do We Have All the Tools?
- Critical Skills and Competency/ Are We Well Trained?
- Complete Revascularization or Staged Procedures?

Rajan Patel, MD

Case Presentations

9:00 AM **Should These Cases be Done Without Support?**

- UPLM
- MVD With Moderately Reduced EF

David Rizik, MD

9:15 AM **Do These Cases Need Hemodynamic Support for Safe and Complete Revascularization?**

- CTO PCI
- Atherectomy

Ashish Pershad, MD

9:30 AM **Break**

Impediments for Treating More Complex Patients

9:45 AM **Large Bore Access**

Amir Kaki, MD

10:15 AM **Axillary Insertion of Impella**

Amir Kaki, MD

10:45 AM **Access Site Management**

Ashish Pershad, MD

11:15 AM **Do You Have All the Essential Elements for Building a Leading Protected PCI Program?**

- Heart Team Approach
- Protocols and Algorithms
- Outreach Programs
- Protected PCI Coordinator

Rajan Patel, MD

11:45 AM **Panel Discussion on Protected PCI Key Take Home Messages**

Seth Bilazarian, MD, Daniel Burkhoff, MD, PhD, Amir Kaki, MD, Rajan Patel, MD, Ashish Pershad, MD, David Rizik, MD, Paul S. Teirstein, MD

12:00 PM **Lunch and Hands-On**

Improving Outcomes in Cardiogenic Shock

1:00 PM **Current Trends: Has Survival Improved for Patients with AMICGS?**

Rajan Patel, MD

1:15 PM **Pharmacologic and Device-Based Approaches to Acute Heart Failure and Cardiogenic Shock: Treating Patients with Pressors, IABP, Impella, ECMO and EcPella (ECMO & Impella)**

Daniel Burkhoff, MD, PhD

1:45 PM **Practical Insights for Adding Hemodynamic Support Into Your Critical Care Path: The Detroit Cardiogenic Shock Initiative (CSI) Experience**

Amir Kaki, MD

2:10 PM **Choosing MCS Options in AMI Cardiogenic Shock: Rationale for Impella First**

Rajan Patel, MD

2:30 PM **Should Every MCS Patient Have a RHC? Guided Hemodynamic Assessment or Assumed Hemodynamics**

Ajay Srivastava, MD

2:45 PM **Break**

3:00 PM **The Critical Role of the Cardiac Surgeon in Cardiogenic Shock Care Pathway: The Heart Team and Strategies for Escalation**

Danny Ramzy, MD, PhD

Case Presentations on CGS with Simulation

3:20 PM **“We Waited Too Long”: Hazards of Delayed Support in AMICGS**

Amir Kaki, MD

3:35 PM **“IABP Had No Effect”: And Consequently Delayed Adequate Support**

David Rizik, MD

3:50 PM **“Don’t Forget the Right Ventricle”: Right and Left Ventricular Support**

Danny Ramzy, MD, PhD

4:05 PM **Panel Discussion on Key Take-Away Messages**

Daniel Burkhoff, MD, PhD, Amir Kaki, MD, Rajan Patel, MD, Danny Ramzy, MD, PhD, David Rizik, MD, Ajay Srivastava, MD

4:25 PM **Closing Remarks**

Paul S. Teirstein, MD

4:30 PM **Adjourn**

Dinner Symposium

6:00 – 8:00 PM in the Fairway Ballroom

This activity is not included in CME hours

New Technology for Transcatheter Aortic Valve Replacement with “Hands-On” Opportunities

This dinner symposium will feature state-of-the-art lectures, hands-on stations, and case presentations.

Wednesday, October 24

Breakfast Symposium

7:30 – 9:00 AM in the Fairway Ballroom

Sponsored by Terumo Interventional Systems

This activity is not included in CME hours

Radial PCI: Controversies and New Horizons

Point Counterpoint

7:30 AM **Don’t be Left Behind: Less Than 50% Radial is Poor Patient Care**

Matthew J. Price, MD

7:50 AM **Don’t Believe the Hype: Radial First is Propaganda**

Ashish Pershad, MD

8:05 AM **Discussion**

8:20 AM **STEMI and Radial: How to Overcome Barriers to Treatment**

Duane S. Pinto, MD, MPH

8:40 AM **Next Frontiers: Radial Access for Peripheral Intervention**

Symposium

9:30 – 10:30 AM in the Fairway Ballroom

This activity is not included in CME hours

Lunch Symposium

11:00 AM – 1:00 PM in the Fairway Ballroom

Sponsored by Abbott

This activity is not included in CME hours

Modernized PCI: Latest Tools and Techniques

Program Description: 2018 continues to see the expansion of increasingly complex lesion subsets, as well as a growing adoption of both intracoronary imaging and physiology techniques. This case based session will focus on which patients and lesions will benefit from imaging and physiology most and how to use imaging for optimal results in complex cases.

11:00 AM **Lunch and seating of attendees**

11:15 AM **Course Welcome, Overview, Objectives**

Matthew J. Price, MD

11:20 AM **Resting Indices in Physiology – When to Use and Are All Created Equal?**

Morton Kern, MD

11:35 AM **ILUMIEN IV Study – Which Patients Benefit Most From Imaging and Why?**

Ziad Ali, MD, DPhil

11:55 AM **Case Based Discussion: Treating ISR, Moderate to Severe Calcium, Bifurcations, and ACS Patients Utilizing the Latest Imaging Techniques**

Moderator: Matthew J. Price, MD

Ziad Ali, MD, DPhil, Eric Lindley, MD,

12:30 PM **Comments & Questions**

Moderator: Matthew J. Price, MD

12:00 PM **General Symposium Registration Open**
Grande Ballroom Foyer

1:30 PM **Live Cases 1 & 2 from Scripps Clinic**
Is Diagnostic Angiography Dead? FFRct for the Interventionalist

Jorge A. Gonzalez, MD

FFR/iFR Caveats: Real World Challenges: Diffuse Disease, Left Main, CTOs

Morton Kern, MD

Core Curriculum: Radial PCI: Essential Techniques to Maximize Success

Matthew J. Price, MD

3:30 PM **Break & View Exhibits**

4:00 PM **Live Cases 3 & 4 from Scripps Clinic**

Core Curriculum: Bifurcation Approaches, A Step-by-Step Refresher
Curtiss T. Stinis, MD

Core Curriculum: Guidewires, Guide Catheters and Specialty Devices: When to Choose and How to Use Current Technology

Curtiss T. Stinis, MD

Meet the Experts Reception

6:00 – 7:00 PM in the Grande Ballroom Foyer

Sponsored by Boston Scientific

This activity is not included in CME hours

Faculty: William Lombardi, MD, Ashish Pershad, MD, Curtiss T. Stinis, MD, Paul S. Teirstein, MD

Dinner Symposium

7:00 – 9:00 PM in the Fairway Ballroom

Sponsored by Medtronic

This activity is not included in CME hours

Great Cases in Interventional Cardiology: Complications, Difficult Decisions, Challenging Anatomy, and More!

Session Chairs: James Hermiller, MD, Curtiss T. Stinis, MD, Paul S. Teirstein, MD

Thursday, October 25

Breakfast Symposium

6:30 – 7:30 AM in the Fairway Ballroom

Co-Sponsored by ACIST Medical Systems, Inc. and Medtronic

This activity is not included in CME hours

New Cath Lab Technology for 2019 and Beyond: Advanced Imaging and Enhanced Physiologic Utility

6:30 AM **Continental Breakfast and View Exhibits**

7:30 AM **Live Cases 5 & 6 from Scripps Clinic**

Show Me the Data: Key Clinical Trials of 2018
Ehtisham Mahmud, MD

Intravascular Imaging is Underutilized in 2018: How Liberal Use Can Improve Outcomes

Ziad Ali, MD, DPhil

PFO Closure to Prevent Recurrent Cryptogenic Stroke

Matthew J. Price, MD

9:30 AM **Break & View Exhibits**

10:00 AM **Live Cases 7 & 8 from Scripps Clinic**

Left Ventricular Support During High Risk PCI: Expanded Indications, Technique and Outcomes

David Rizik, MD

Unprotected Left Main and Multivessel PCI Update: Expanding PCI Indications

Richard A. Schatz, MD

Interventional Heart Failure

Ajay Srivastava, MD

6:00 PM **Final Adjournment**

Conference Location & Hotel Accommodations

Hotel Information

Please make your own hotel reservations.

The Hilton La Jolla Torrey Pines Hotel is located on the internationally famous Torrey Pines Golf Course. Adjacent to Scripps Clinic, 10 minutes north of lovely La Jolla, and 20 minutes from the San Diego airport, the Hilton is close to all the attractions that make San Diego so desirable to visit. With the Pacific Ocean as a backdrop, all rooms command a spectacular view of either the ocean and championship golf course, or a meticulously tended, lush garden.

The Hilton La Jolla Torrey Pines is offering a special group rate of \$239 (plus tax and parking, if required) for meeting attendees through October 1, 2018 or until the block fills, whichever comes first. After that date, reservations will be accepted based on availability.

Hilton La Jolla Torrey Pines

10950 North Torrey Pines Road, La Jolla, California 92037

Reservations: 1-800-HILTONS

Hotel Direct: 858-558-1500

You must mention the Cardiovascular Interventions 2018 symposium when making your reservation in order to receive the special group rate.

Make your reservation online at www.cvinterventions.com

Click the "Hotel" tab and follow the direct link to the special reservation site for our group.

Please be sure to join us for Wednesday night's dinner symposium!

"Great Cases in Interventional Cardiology: Complications, Difficult Decisions, Challenging Anatomy, and More!"

This will be an interactive symposium highlighting interesting cases with lively discussion by our expert panelists and conference attendees.

SUBMIT YOUR CASES!

This is **your** opportunity to be part of the conference! Have an interesting case that you want to share or get input on? Submit it on DVD for consideration. If selected, you will have the opportunity to present your case to our panel of experts and to your colleagues for discussion. The 3 best cases will be chosen for presentation.

Cases can involve any topic or situation encountered in Interventional Cardiology including:

- Complex PCI
- Peripheral Interventions
- Clinical Decision Making
- Structural Heart Interventions

Submit Cases to:

Curtiss T. Stinis, MD • 9898 Genesee Ave • AMP-200 • La Jolla, CA 92037 • 858-824-5234
Rlaw@promedicacme.com

Registration Fees & Information

Cardiovascular Interventions 2018

Included: Course tuition, breakfasts, breaks, lunches, pre-conference seminar, satellite symposia, and electronic course materials

Not Included: Travel costs, lodging, and parking

Conference Registration Fees

..... Physicians	\$899 through Sept 14	\$999 Sept 15 – Onsite
..... Fellows & Residents	\$599 through Sept 14	\$699 Sept 15 – Onsite
..... Nurses, Technicians & Others	\$399 through Sept 14	\$499 Sept 15 – Onsite

PRE-CONFERENCE SEMINAR/SATELLITE SYMPOSIA

- Yes, I will attend the Tuesday Pre-Conference Seminar
- Yes, I will attend the Tuesday Dinner Symposium
- Yes, I will attend the Wednesday Breakfast Symposium
- Yes, I will attend the Wednesday, 9:30 – 10:30 am symposium
- Yes, I will attend the Wednesday Lunch Symposium
- Yes, I will attend the Wednesday Dinner Symposium
- Yes, I will attend the Thursday Breakfast Symposium
- Yes, I will attend the Thursday Dinner Symposium
- Yes, I will attend the Friday Breakfast Symposium

BY COMPLETING THIS REGISTRATION FORM AND RETURNING IT TO PROMEDICA INTERNATIONAL YOU ARE ACKNOWLEDGING COMPLIANCE WITH ALL ATTENDANCE POLICIES.

PLEASE PRINT CLEARLY and provide your direct contact information in order to receive any conference communications and updates. Your badge will read as follows:

FIRST, MI, LAST NAME															DEGREE (MD, DO, PHD, RN, etc)														
AFFILIATION / HOSPITAL / COMPANY															SPECIALTY

Registration Confirmation

A confirmation letter will be emailed to you upon receipt of the conference registration form and payment. If you have not received it within two weeks, please contact Promedica International CME.

Attendee Cancellation Policy

The course tuition is refundable, minus a \$100 processing fee, if your cancellation is received in writing no later than September 14, 2018. Cancellations cannot be accepted over the telephone. Refunds will not be available after September 14, 2018.

Guest Attendance Policy

All conference activities (including educational sessions, meal functions, exhibit hall, etc.) are exclusively reserved for conference attendees. Non-registered guests (including children, family members, colleagues, etc.) are not allowed in the conference areas. Badges provided at registration are required for entrance into all functions and will be strictly enforced.

Symposium Materials

All symposium information including the detailed agenda, faculty listing, faculty disclosures, industry support, and course materials will be found on our fully mobile website.
