

**SOUTH CAROLINA ACADEMY  
OF DERMATOLOGY AND  
DERMATOLOGIC SURGERY**

**Annual Meeting**

**April 11-12, 2025**

**Francis Marion Hotel - Charleston, South Carolina**

**Friday, April 11, 2025**

9:45 am – 11:00 am

**Registration Opens - Exhibits Set Up**

11:00 am – 5:30 pm

**Visit Resident Posters**

11:00 am – 5:30 pm

**Visit Exhibits**

11:00 am – 12:00 pm

**Box Lunch for Attendees and Visit Exhibits**

12:00 pm – 1:00 pm

**Welcome – *James Petit, MD, President, SCADDS***  
**SCADDS Business Meeting**

1:00 pm – 1:40 pm

**AAD Update**

*Faith C. M. McNicholas, RHIT, CPC, CPCD, PCS, CDC*

1:40 pm – 2:30 pm

**Therapeutic Updates for Atopic Dermatitis**

*April Armstrong, MD, MPH*

2:30 pm – 2:45 pm

**Break - Visit Exhibits – Visit Resident Posters**

2:45 pm – 3:35 pm

**The Role of Imaging Devices in the Clinical Evaluation and Management  
of Melanoma on Sun Damaged Skin**

*Harold S. Rabinovitz, MD*

3:35 pm – 4:25 pm

**Adding to your Toolbox: Laser Treatment in Complicated Vascular  
Anomalies**

*Lisa M. Arkin, MD*

4:25 pm – 4:40 pm

**Break - Visit Exhibits – Visit Resident Posters**

4:40 pm – 5:30 pm

**Hyperhidrosis: Therapeutic Advances**

*Dee Anna Glaser, MD, FAAD*

*Supported by the Richard L. Dobson Lectureship Fund, MUSC*

5:30 pm

**Welcome Reception with Cocktails and Heavy Hors D'oeuvres**

*Colonial Ballroom - Francis Marion hotel*

## **Saturday, April 12, 2025**

## **Speakers**

*Faith C. M. McNicholas, RHIT, CPC, CPCD, PSC, CDC –Manager, Lead Coding and Reimbursement Strategist, Practice Management, American Academy of Dermatology, Rosemont, IL*

*April Armstrong, MD, MPH–Professor and Chief, Division of Dermatology, Department of Medicine, David Geffen School of Medicine, University of California, Los Angeles, CA*

*Harold S. Rabinovitz, MD–Professor (part time), Medical University of Georgia, Augusta, GA; Skin Care Cancer Associates, Private Practice, Plantation, FL*

*Lisa M. Arkin, MD–Director of Pediatric Dermatology, Associate Professor of Dermatology and Pediatrics, Co-Director, Birthmarks and Vascular Anomalies Center, University of Wisconsin School of Medicine and Public Health, Madison, WI*

*Dee Anna Glaser, MD, FAAD–Owner/Physician, Glaser Dermatology & Aesthetics LLC, St. Louis MO; Tenured Professor, Department of Dermatology, Saint Louis University School of Medicine, St. Louis, MO*

*Clinton W. Enos, MD, MS–Assistant Professor, Department of Dermatology, Eastern Virginia Medical School, Norfolk, VA*

*Benjamin K. Stoff, MD, MAB–Interim Chair of Dermatology, Associate Professor of Dermatology, Clinical track, Senior Faculty Fellow, Emory University School of Medicine, Atlanta, GA*

*Kimberly B. Hashemi, MD– Assistant Professor of Dermatology, Director of Autoimmune Connective Tissue Disease Clinics, Director of Psoriasis Clinics, Associate Director of Adult Clinical Trials, Medical University of South Carolina, Charleston, SC*

## **Learning Objectives**

Listed below are the objectives that each attendee should be able to achieve at the end of these scientific sessions.

### **AAD Update**

- Learn the 2025 coding changes and updates that will impact dermatology CPT and ICD-10-CM coding
- Review and understand the appropriate use of NCCI procedure-to-procedure modifiers to ensure accuracy in claim submission
- Utilize the knowledge you acquired to effectively document dermatology encounters and reduce inadvertent claim denials and payer audits

### **Therapeutic Updates for Atopic Dermatitis**

- Discuss innovations in topical therapies for atopic dermatitis
- Discuss management updates in oral and biologics for atopic dermatitis

### **The Role of Imaging Devices in the Clinical Evaluation and Management of Melanoma on Sun Damaged Skin**

- Demonstrate the usefulness of dermoscopy in evaluating melanoma on sun damaged skin
- Demonstrate the usefulness of confocal microscopy in evaluating melanoma on sun damaged skin
- Identify the dermoscopy and RCM features associated with melanoma

### **Adding to your Toolbox: Laser Treatment in Complicated Vascular Anomalies**

- Define the principles of selective photo thermolysis
- Review best practices for treatment of port wine birthmarks including optimal parameters and timing
- Describe multi modal interventions for other complicated vascular anomalies including venous malformations and lymphatic malformations

### **Hyperhidrosis: Therapeutic Advances**

- Develop strategies to optimize evaluations of patients with hyperhidrosis
- Design treatment plans of hyperhidrosis utilizing multiple modalities

### **Cosmetic Dermatology: 10 Tips to Improving Outcomes**

- Enhance patient expectations through improved consultation techniques
- Recognize and avoid high-risk areas to treat

### **Update on Pediatric Auto Inflammatory Disease in Children Including Targets for Therapy**

- Offer clinical pearls for diagnosis of cutaneous lupus in children
- Review the pathogenesis of cutaneous lupus and targets for therapy
- Describe clinical features of juvenile dermatomyositis and evolving data for targeted therapy

### **Heart and Mind: Extracutaneous Outcomes for Patients with Hidradenitis Suppurativa**

- Recognizing cardiovascular comorbidity in hidradenitis suppurativa.
- Recognizing mental-health comorbidity in hidradenitis suppurativa patients.

### **Ethical Controversies in Dermatology**

- Understand major issues in ethics and professionalism in dermatology and dermatopathology.
- Examine cases related to immediate access by patients to dermatopathology reports, use of AI in dermatology, and others.

### **Pearls from Dermatology Rheumatology Clinic**

- Recognize clinical clues for cutaneous manifestations of autoimmune disease.
- Explore novel and emerging therapies for cutaneous autoimmune disease.

### **Continuing Medical Education:**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the South Carolina Medical Association and the South Carolina Academy of Dermatology and Dermatologic Surgery. The South Carolina Medical Association is accredited by the ACCME to provide continuing medical education for physicians.

The South Carolina Medical Association designates this “live activity” for a maximum of 8.0 *AMA PRA Category 1 Credit(s)*<sup>TM</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activities.

To be compliant with the AMA’s “Physician’s Recognition Award and Credit System,”<sup>1</sup> we require physicians to attest to the amount of time they are claiming credit – which should be commensurate with the extent of time they participate in a CME activity.

To assure compliance, we now require all physicians attending or participating in an accredited CME activity, to complete the “contact information” portion of the evaluation and, specifically, sign where indicated on the evaluation.
