

# 2021 ANNUAL MEETING

*The Anesthesiologist for the 21<sup>st</sup> Century*

September 11-12, 2021

Radisson La Crosse • La Crosse, WI

**Program Co-Chairs:** *Ayse Kula, MD & Maria Muravyeva, MD, PhD*

**10.25 AMA PRA Category 1 Credits™.**

# President's Invitation

On behalf of the Wisconsin Society of Anesthesiologists (WSA) Board of Directors, I invite you to join us at this year's WSA 2021 Annual Meeting. After being forced to cancel last year's meeting due to the pandemic, we are excited to

have an in person meeting in La Crosse at the Radisson Hotel. This venue is located in the heart of downtown La Crosse, right on the scenic Mississippi River.

The co-chairs for this meeting, Dr. Ayse Kula, Associate Professor, and Dr. Maria Muravyeva, Assistant Professor, from the Medical College of Wisconsin, have organized an exciting program with many speakers rescheduled from last year. They will present a wide range of lectures that are relevant to today's anesthesia practice. These talks include topics such as AQI and quality reporting, transfusion medicine, devices and distractions in the OR, improving sepsis care, the impact of cigarette and vaping and preoperative management. On Saturday afternoon, we are also having our popular ultrasound workshops for POCUS and peripheral nerve blocks.

Additionally, we are planning a special event for Saturday night. We have reserved a private charter river cruise on the Mississippi through La Crosse Queen Cruises. For just \$85, you can enjoy a two-hour dinner with drinks

along with time to reconnect with your WSA friends and colleagues – something we have all missed this past year and a half. Be sure to purchase your tickets early as there are limited spots available.

The WSA takes the safety and well-being of its members and faculty very seriously. At this time, we are preparing an in-person meeting. We will follow the recommendations of the Centers for Disease Control and Prevention as well as the state and local requirements from the city of La Crosse and the Radisson Hotel. We will closely monitor the status of the COVID pandemic over the coming months. If anything changes, we will update the members and the attendees of the requirements and any changes to the meeting as we get closer to the meeting date. Please watch your emails and social media for these updates.

So, please join us on September 11-12, 2021 for a great chance to earn free continuing medical education, one of the benefits of your WSA membership. After a long and difficult time, I am looking forward to seeing and reconnecting with all of you again.

**Elizabeth S. Yun, MD**

President, Wisconsin Society of Anesthesiologists

## Goals & Objectives

**After participating in this activity, the attendee will be able to:**

- Explore the advanced specialized training of anesthesiologists and ways to demonstrate this value to healthcare systems.
- Through topic-based discussions, reflect on the Institute of Medicine's six aims of quality care: patient-centered care, patient safety, timeliness, efficient care, effective care and equitable care.
- Discuss updates in essential perioperative management including pre-operative evaluation and optimization, management of sepsis and intraoperative fluids, as well as transfusion medicine.
- Review medicolegal issues surrounding technology and devices for the anesthesiologist in the 21st century.
- Identify the benefits of regional and multimodal therapies to develop strategies for improving pain management in the perioperative setting.
- Allow for hands-on learning with Point-of-Care Ultrasound (PoCUS) and Ultrasound Guided Regional Anesthesia workshops including basic transthoracic echo and regional anesthesia techniques.
- Share knowledge, expertise and network with colleagues, industry experts and academic anesthesiologists on the forefront of anesthesiology.

**SATURDAY, SEPTEMBER 11, 2021**
