

2016 CLEVELAND BREAST CANCER SUMMIT: COLLABORATING FOR A CURE

March 17 – 18, 2016

InterContinental Hotel and Bank of America Conference Center
Cleveland Clinic Simulation and Advanced Skills Center Lab
Cleveland, Ohio

Register today! ccfcme.org/CLEBreastCA

PROGRAM OVERVIEW

The Cleveland Clinic Comprehensive Breast Cancer Program presents the **2016 Cleveland Breast Cancer Summit: Collaborating For A Cure**, a live educational multi-disciplinary summit focusing on up-to-date reviews of advances in management strategies for patients with breast cancer and comorbidities. The summit will be held March 17-18, 2016 at the InterContinental Hotel & Bank of America Conference Center located on the Cleveland Clinic Main Campus in Cleveland, Ohio. The activity will offer, the most up to date and cutting edge information about breast cancer from screening to treatment. The goal of this summit is to increase the competencies and performance of healthcare professionals involved in treating this patient population, which ultimately will improve the quality of life and overall patient survival.

The **2016 Cleveland Breast Cancer Summit: Collaborating For A Cure** is a one-day summit featuring an optional one-day hands-on cadaver lab skills workshop. The summit will use a case-based presentation format in which attendees are encouraged to provide input, ask questions, and share their experiences to guide discussions.

The summit will feature a **hands-on cadaver lab skills workshop** that will be held the day before the summit and will offer expert instruction on surgical techniques in endoscopic assisted nipple sparing mastectomy, oncoplastic reduction lumpectomy and flap reconstruction, intercostal blocks, and immediate implant reconstructions. The lab will give attendees the chance to become familiar with cutting edge techniques and new adjunctive surgical and reconstructive instrumentation, allowing them the opportunity to ask questions, share experiences, and learn firsthand.

LEARNING OBJECTIVES

Through this educational offering, the Cleveland Clinic strives to produce significant knowledge gains in health care practitioners regarding breast cancer diagnosis and treatment, knowledge that will, in turn, improve the quality of care for their patients. After this course you will be able to:

- Demonstrate surgical techniques for endoscopic assisted nipple sparing mastectomy, oncoplastic reduction lumpectomy and flap reconstruction, intercostal blocks, and immediate implant reconstruction
- Discuss viewpoints from multiple medical disciplines regarding appropriate screening, diagnosis, prevention, counseling, and treatment strategies in women at high risk for breast cancer
- Summarize new and emerging imaging modalities, contralateral prophylactic mastectomy, plastic surgery for lymphedema, chemotherapies in development, and partial breast irradiation
- Discuss controversies in breast cancer management, including neoadjuvant vs adjuvant chemotherapy, immunotherapy, reconstruction and postmastectomy radiation; and targeted therapies such as estrogen receptor positive and HER 2 positive
- Examine options for management of ductal carcinoma in situ (DCIS) in terms of imaging, pathologic assessment, risk stratification for recurrence, breast reconstruction, radiation therapy, and hormonal therapy
- Identify the role of genetic testing in management of breast cancer
- Identify new strategies in breast cancer research and provide update on vaccine for breast cancer
- Review cases demonstrating the multidisciplinary approach to patient care by a panel of experts from each of the areas (Imaging, Medical Oncology, Breast/Plastic Surgery, Radiation Oncology, Pathology, etc.)

TARGET AUDIENCE KEY FEATURES

This symposium is designed for practicing physicians and other practicing allied health care professionals in medicine, women’s health, surgery, plastic surgery, medical oncology, radiation oncology, radiology, pathology and genetics

- Internationally renowned faculty
- Optional one-day hands-on cadaver lab workshop
- Promotes collaboration among interdisciplinary providers
- Provides tools to accelerate decision-making between providers and patients
- Incorporates a case-based, interactive format
- Multidisciplinary focus on education by offering areas of expertise in surgery, oncology, radiology, and pathology

CO-ACTIVITY DIRECTORS

Stephen Grobmyer, MD

Director, Breast Services and
Surgical Oncology
Department of General Surgery
Cleveland Clinic
Cleveland, OH

Jame Abraham, MD

Director, Breast Oncology Program
Department of Hematology /Oncology
Taussig Cancer Institute
Cleveland Clinic
Cleveland, Ohio

GUEST FACULTY

Zahraa Al-Hilli, MD

Mayo Clinic
Rochester, MN

Eisuke Fukuma, MD

Kameda Medical Center
Kamogawa, Japan

Karthik Ghosh, MD

Mayo Clinic
Rochester, MN

Cliff A. Hudis, MD

HANDS-ON CADAVER WORKSHOP

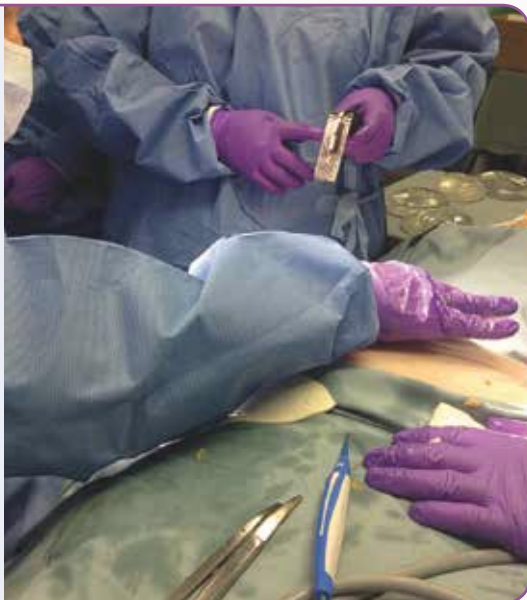

Cleveland Clinic Simulation and
Advanced Skills Center Lab (L1-300)

Thursday, March 17, 2016

8:00 am – 4:30 pm

Lab Co-Directors: *Risal Djohan, MD*
and *Stephanie Valente, DO*

- Endoscopic assisted nipple sparing mastectomy techniques
Featured Faculty: Eisuke Fukuma, MD
- Oncoplastic reduction lumpectomy
- Flap reconstruction
- Immediate implant reconstruction
- Intercostal blocks

AGENDA

Friday, March 18, 2016

- 7:00 – 5:00 pm** **Registration**
- 7:00 – 8:00 am** **Continental Breakfast/Exhibits**
- 8:00 am** **Welcome & Overview**
Stephen Grobmyer, MD and Jame Abraham, MD
- 8:10 am** **Atypical Hyperplasia**
Karthik Ghosh, MD
- Q&A**
- 8:50am** **Management of HER2 Positive Breast Cancer**
Cliff Hudis, MD
- Q&A**
- 9:30 am** **Surgical Advances in Breast Cancer**
Eisuke Fukuma, MD
- Q&A**
- 10:10 am** **Break/Exhibits**
- 10:30am** **Management of ER Positive Breast Cancer**
G. Thomas Budd, MD
- Q&A**
- 11:10 am** **The “DIN” around DCIS**
Seema Khan, MD
- Q&A**
- 11:50 am** **Novel Treatment for Triple Negative Breast Cancer**
Vincente Valero, MD
- Q&A**
- 12:30 pm** **Lunch**
- 1:30 pm** **Indications for Breast MRI**
Karen Johnson, MD
- Q&A**
- 2:10 pm** **Making Breast Conserving Therapy Faster**
Benjamin Smith, MD
- Q&A**
- 2:50 pm** **Break/Exhibits**
- 3:10 pm** **Development of a Breast Cancer Vaccine**
Vince Tuohy, PhD
- Q&A**
- 3:30 pm** **Microbiome and Human Breast Cancer:
A Missing Piece of the Puzzle?**
Stephen Grobmyer, MD
- Q&A**
- 3:50 pm** **CASE PRESENTATIONS / PANEL DISCUSSION**
Moderator: *Stephen Grobmyer, MD*, and *G. Thomas Budd, MD*
Panelists: *Guest and Cleveland Clinic Faculty*
- Q&A**
- 5:00 pm** **Adjourn/Announcements**
