ROME, ITALY

GLOBAL CONFERENCE ON NEUROSCIENCE & MENTAL DISORDERS

<http://www.globalepisteme.org/Conference/neuro>

WELCOME

About Conference:

Global Episteme takes pleasure to organize conference on Neurology at July in 2019. Neuroscience 2019 brings together Neurologists, Research scholars, Neuroscience Professors, students, Neurosurgeons, Psychiatrists, Brain Disorder survivors, Health professionals and Clinical Pharmacists. This is one kind of scientific platform with explicit keynote lectures, plenary sessions, Poster competition, Young Researchers' Forum (YRF), Workshops, Symposiums and Exhibitions from elite researchers, distinguished scientists and business delegates.

We provide unique opportunity for Researcher's, Advertisers, Exhibitors and Sponsors at this International event to share their ideas and improve their Network.

Neuroscience 2019 welcomes everyone to join us for three – day conference to "The Eternal City", Rome in the month of July.

We look forward to welcoming you to Rome in July!

NEUROSCIENCE
2019

SCIENTIFIC SESSIONS

- Dementia: A special Focus
- Neuro-Surgery
- Neurological disorders
- Pediatric Neurology
- Behavioral Neuroscience
- CNS
- Radiology and Imaging
- Neuro-immunology
- Neuro-toxicology
- Neuro-chemistry
- Neurocritical Care
- Clinical Trials and Case Reports
- Mental Health
- Addiction
- Spine
- Psychiatric Disorders
- Parkinson's diseases
- Alzheimer's disease
- Huntington's disease
- Prions disease
- Neuroplasticity
- Neuro-Oncology
- Stroke
- Epilepsy, Autism, and ADHD
- Neurotrauma & Rehabilitation
- Multiple Sclerosis and Demyelinating disorders

IMPORTANT DATES

- ✓ Conference Dates: 1-3 July, 2019
- ✓ Abstract Submission Opens: September 1, 2018
- ✓ Registration Opens: September 27, 2018
- ✓ On Spot Registration: July 1, 2019

Submit your Abstract:
<http://www.globalepisteme.org/Conference/neuro/submitabstract>

NEUROSCIENCE
2019

CONFERENCE HIGHLIGHTS

- Gathering of World famous Neurologists and Researchers
- Discussion of advanced technologies used in the prevention of Disorders
- New drugs designed to get cure

BENEFITS OF PARTICIPATION

- Learn new ideas for serving clients
- Gain inspiration and networking experience
- Engage your mind and enrich your heart with new insights
- Discover how advances in the health sector are impacting globally
- Share experiences, insights and strategies in interactive peer-to peer round tables and many more

SPECIAL FEATURES

- Interactive Poster sessions
- Informative Panel Discussion
- Opportunity to collaborate and sponsor
- Meet Experts Face to Face
- Networking Opportunities
- Symposiums and Pre-Conference Workshops

REGISTRATION

		Early Bird 29-Oct-18	Mid Registration 17-Dec-18	Late Registration 17-Apr-19	Final Registration 1-Jul-19
Academics	Oral Presentation	\$499	\$599	\$749	\$899
	Poster Presentation	\$449	\$519	\$599	\$699
	Delegate	\$599	\$699	\$799	\$899
Industry/ Company	Oral Presentation	\$599	\$699	\$849	\$999
	Poster Presentation	\$449	\$519	\$599	\$699
	Delegate	\$599	\$699	\$799	\$899
Student	Oral Presentation	\$399	\$499	\$599	\$699
	Poster Presentation	\$449	\$519	\$599	\$699
	Delegate	\$599	\$699	\$799	\$899

REGISTRATION CONTAINS

- o Access to all oral and poster sessions, symposiums and workshops
- o Handbook & Conference Kit
- o Certificate Accreditation from the Organizing Committee
- o Abstracts will be published in the conference souvenir and respective international journal
- o 2 Coffee breaks & Lunch during the conference
- o 25% abatement on the registration fees for the next annual conference

THE ETERNAL CITY - ROME

Rome, Italy's capital is a sprawling, cosmopolitan city with nearly 3,000 years of globally influential art, architecture and culture on display. Ancient ruins such as The Forum and the Coliseum evoke the power of the former Roman Empire. Vatican City, headquarters of the Roman Catholic Church, has St. Peter's Basilica and the Vatican Museums, which house masterpieces such as Michelangelo's Sistine Chapel frescoes. Rome has been a major Christian pilgrimage site since the middle Ages. Rome's architecture over the centuries has greatly developed, especially from the Classical and Imperial Roman styles to modern Fascist architecture.

The city's early population originated from a mix of Latin's, Etruscans and Sabine's. Eventually, the city successively became the capital of the Roman Kingdom, the Roman Republic and the Roman Empire, and is regarded as one of the birthplaces of Western civilization and by some as the first ever metropolis. It is referred to as "Roma Aeterna" and "Caput Mundi" two central notions in ancient Roman culture. In 1871 Rome became the capital of the Kingdom of Italy, and in 1946 that of the Italian Republic.

Rome has the status of a global city. Rome was the 11th-most-visited city in the world, 3rd most visited in the European Union, and the most popular tourist attraction in Italy. Its historic Centre is listed by UNESCO as a World Heritage Site. Monuments and museums such as the Vatican Museums and the Coliseum are among the world's most visited tourist destinations with both locations receiving millions of tourists a year. Rome hosted the 1960 Summer Olympics and is the seat of United Nations' Food and Agriculture Organization. Rome has been a centre for music with a thriving musicscene as it houses some prestigious music conservatories. It is one of the most popular cities for tourism for it archaeological and artistic treasures, views and unique traditions. Roman artichokes are world famous dish. Cacio e Pepe and Da Danilo are the famous pasta dishes found in Rome. Culinary traditions stemming from cucina povera, or "peasant cuisine," can be found across Italy. The city is known as a centre of white wine, especially with the warm territory.

NEUROSCIENCE
2019

The background of the entire poster is a complex, glowing blue neural network. It features numerous interconnected nodes and fibers, with some nodes highlighted in a bright green. The overall aesthetic is scientific and technological, representing the field of neuroscience.
