ACCREDITATION AND DESIGNATION STATEMENTS

PHYSICIANS

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Louisville and Skin Disease Education Foundation/Global Academy for Medical Education, LLC. The University of Louisville is accredited by the ACCME to provide continuing education for physicians.

The University of Louisville School of Medicine designates this live activity for a maximum of 16.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAFP Credit

Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

SDEF MOC-D

The self-assessment program offered at the Skin Disease Education Foundation's 20th Las Vegas Dermatology Seminar® is approved by the American Board of Dermatology (ABD) for MOC-D self-assessment points.

JOINT ACCREDITATION STATEMENT

Nursing and Pharmacy

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Global Academy for Medical Education. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Continuing Pharmacy Education

Postgraduate Institute for Medicine designates this continuing education activity for 16.75 contact hour(s) (1.675 CEUs) of the Accreditation Council for Pharmacy Education.

Continuing Nursing Education

The maximum number of hours awarded for this Continuing Nursing Education activity is 16.75 contact hours. Pharmacotherapy contact hours for Advanced Practice Registered Nurses to be determined.

Faculty Disclosures

All relevant financial relationships with any commercial interests and/or manufacturers must be disclosed to participants at the beginning of each activity.

LEARNING OBJECTIVES

At the conclusion of this live conference, learners should be better able to:

- Design a comprehensive treatment plan for acne patients based on clinical guidelines, incorporating pharmacologic and nonpharmacologic strategies.
- Identify risk factors for actinic keratosis.
- Design individualized treatment strategies for patients with actinic keratosis to reduce risk of squamous cell carcinoma.
- Explain methods to increase patient satisfaction and improve patient outcomes via combination treatments for facial rejuvenation.
- Discuss which injectables can be used in combination with laser and energy-based devices to safely improve patient outcomes.
- Explain appropriate patient selection for tissue tightening techniques to achieve optimal cosmetic outcomes and patient satisfaction.
- Describe facial anatomy for safe injection of soft-tissue fillers.
- Perform injection techniques and proper filler placement to achieve optimal patient outcomes.
- Describe the technology behind the various products and devices available for noninvasive body contouring.
- Design evidence-based, guideline-driven treatment strategies for patients with atopic dermatitis based on disease severity with the goal of clear or almost clear skin.
- Identify cutaneous manifestations of connective tissue disease and determine appropriate management strategies.
- Describe evidence-based strategies for the diagnosis and pharmacologic management of hyperhidrosis.
- Discuss the current systemic and topical therapies for onychomycosis and tinea fungal infections.
- Diagnose and develop treatment strategies for hyper- and hypo-pigmentation disorders.
- Describe the pathophysiology of psoriasis and its associated comorbidities.
- Diagnose and treat patients with psoriasis appropriately, based on current clinical guidelines.
- Increase routine screening for psoriatic arthritis in patients with psoriasis.
- Design self-education and patient education programs as part of the treatment plan for rosacea treatment.
- Discuss appropriate treatment strategies for rosacea, based on individual signs and symptoms as well as knowledge of the indications, efficacy, and risks of available and emerging rosacea therapies.
- Differentiate seborrheic keratosis from other skin lesions, particularly melanoma.
- Match patients with the most appropriate interventions for effective and cosmetically acceptable treatment of SK lesions.
- Diagnose cutaneous manifestations of internal disease.
- Identify a strategy to work-up patients with cutaneous manifestations of internal disease.

Optional, Pre-Conference Forum November 6
Approved for 8 CME/CE Credits

Join us at Skin Disease Education Foundation's (SDEF) 20th Annual Las Vegas Dermatology Seminar®, November 7-9, 2019 at the Cosmopolitan Las Vegas. Nationally known leaders in the field of dermatology will present recent advances and emerging trends in the diagnosis, treatment, and monitoring of patients with skin diseases. **Approved for 16.75 CME/CE Credits.**

This highly scientific three-day CME/CE conference examines key clinical topics such as acne, rosacea, AK, contact dermatitis, psoriasis, atopic dermatitis, onychomycosis and other fungal infections, infectious diseases in dermatology, fillers, toxins, devices, cases and more!

SDEF's Psoriasis and Atopic Dermatology Forums are in-depth, comprehensive programs featured on day two.

Clinical presentations, interactive panels and cases covering current and emerging therapies for the treatment of psoriasis and atopic dermatology are covered throughout the day.

Introducing the Cutaneous Malignancies Forum! This optional, pre-conference forum makes its debut on Wednesday, November 6 and will cover contemporary issues in effective diagnosis and treatment of cutaneous malignancies. **Approved for 8 CME/CE Credits.**

SDEF's 20th Annual Las Vegas Dermatology Seminar® featuring the Annual Psoriasis and Atopic Dermatology Forums will be of interest to both the seasoned clinician and residents. The format is informal and relaxed, and encourages a free-flowing exchange of ideas between our expert faculty and colleagues, as well as providing practical solutions that are immediately useful in improving patient outcomes.
