**About this Course**

The focus of our 5 day course **includes all MQSA mandated material** as well as an emphasis on mammography registry review. This course will cover all ARRT mammography exam content specifications as well as serve as a review for the California state mammography exam. Our course will incorporate the MQSA requirement of **8 hours of digital mammography** throughout the 5 days. Hands on positioning workshops for those who attend the on-site programs will allow attendees the opportunity to work one on one with instructors and models to practice and learn the basic mammographic screening procedures. The week concludes on Day 5 with a registry review in an interactive and fun learning style.

Attendees staying for a 6th day of instruction will receive 8 hours of Category A credit in Digital Breast Tomosynthesis training also required by the Mammography Quality Standards Act (MQSA) before performing Digital Breast Tomosynthesis exams on Hologic Selenia Dimensions, GE SenoClaire, Siemens Mammomat Inspiration and Fujifilm Aspire Cristalle.
