COURSE DESCRIPTION

This course will outline where standard practices in endoscopy are currently and how new innovations may enhance and even revolutionize endoscopy practices in the future. Faculty will discuss the following topic areas that will improve patient care:

- Current guidelines for screening and surveillance for Barrett's esophagus and colon cancer;
- New technologies designed to improve detection rates;
- Indications and appropriate patient selection for endoscopic resection for luminal neoplasia;
- Techniques and maneuvers required for successful resection;
- Management of benign pancreaticobiliary diseases including bile duct stones, pancreatitis, and their complications including pseudocysts;
- The role of endoscopic procedures in biliary obstruction caused by benign and malignant pancreaticobiliary malignancies;
- Advanced techniques in assessment of biliary and pancreatic lesions including cholangioscopy and endoscopic ultrasound with fine needle aspiration;
- The role of endoscopy in bariatric patients and achalasia;
- The role of endoscopy in GI bleeding and nutritional support;
- How to maintain safety and quality in the endoscopy unit.

TARGET AUDIENCE

This activity has been planned for gastroenterologists, endoscopists, endosonographers, surgeons, oncologists, nurses, and other healthcare professionals committed to the advancement of endoscopy.

LEARNING OBJECTIVES

- Implement standard guidelines for screening and surveillance of Barrett's esophagus and colon cancer in their practice;
- Analyze the importance of detailed white light examination for all indications of upper endoscopy;
- Describe the roles of digital imaging, chromoendoscopy, endomicroscopy, accessory cameras, and other advanced imaging techniques in the detection of luminal lesions;
- Define the principles of safe and effective polypectomy and endoscopic resections;
- Enumerate different diagnostic options in tissue acquisition in pancreaticobiliary tumors;
- Discuss management techniques of pancreatitis and biliary pathology and roles of endoscopic procedures in these diseases;
- Evaluate endoscopic options for treating bariatric and achalasia patients with gastrointestinal diseases.

ACCREDITATION AND CREDIT DESIGNATION STATEMENT

PHYSICIAN CREDIT

The University of Chicago Pritzker School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Chicago Pritzker School of Medicine designates this live activity for a maximum of 15.75 *AMA PRA Category 1 Credits*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSING CREDIT

The University of Chicago Medicine is an approved provider of continuing nursing education by the Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. (OBN-001-91) (OH-355, 7/1/2019). This live activity is designated for a maximum of 15.75 continuing nursing education units.

AMERICAN BOARD OF INTERNAL MEDICINE MOC PART II CREDIT

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 15.75 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

OTHER HEALTH CARE PROFESSIONS CREDIT

Nurses and other healthcare professionals will receive a Certificate of Participation. For information on the applicability and acceptance of Certificates of Participation for educational activities certified for *AMA PRA Category 1 Credit* from organizations accredited by the ACCME, please consult your professional licensing board.

EDUCATIONAL GRANTS/COMMERCIAL SUPPORT

A complete listing of commercial support received will be provided in the conference materials.

DISCLOSURE DECLARATIONS

As a provider accredited by the ACCME, The University of Chicago Pritzker School of Medicine asks everyone who is in a position to control the content of an education activity to disclose all relevant financial relationships with any commercial interest. This includes any entity producing, marketing, re-selling, or distributing health care goods or services consumed by or used on patients. The ACCME defines "relevant financial relationships" as financial relationships in any amount occurring within the past 12 months, including financial relationships of a spouse or life partner that could create a conflict of interest. Mechanisms are in place to identify and resolve any potential conflict of interest prior to the start of the activity.

Additionally, The University of Chicago Pritzker School of Medicine requires authors to identify investigational products or off-label uses of products regulated by the US Food and Drug Administration, at first mention and where appropriate in the content.
