Spencer B. King, III, MD, MACC

CO-COURSE DIRECTORS

Manesh Patel, MD
Sunil Rao, MD, FACC, FSCAI
Eric Powers, MD
Christopher White, MD, MSCAI
Massoud Leesar, MD
Mehmet Cilingiroglu, MD

For its 35th anniversary, the consortium will take place March 3-5, 2016 at the Emory Conference Center Hotel in Atlanta, Georgia. EPIC-SEC will introduce cutting-edge strategies in coronary, structural heart, and peripheral vascular imaging, physiology, and intervention. Distinguished faculty from fifteen academic medical institutions, along with dozens of other key opinion leaders, will share their wisdom and insights through live case demonstrations, lectures, presentations, discussions of complex cases, and debates.

TARGET AUDIENCE

EPIC-SEC is designed for interventional cardiologists, cardiac and vascular surgeons, nurse practitioners, physician assistants, interventional radiologists, and other healthcare professionals interested in the optimal practice of interventional and structural cardiovascular medicine.

Tedd Bass, MD
