MEDICAL DIRECTOR: Mark Murphy, MD, MSN Education, Austin, Texas and Northwest Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, physician assistants, nurse practitioners, registered nurses, paramedics, pre-hospital emergency medicine care providers and all other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice; maintain state-of-the-art knowledge of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues to function toward common goals in providing consistent care in all settings in which emergency care is provided; serve as an expert in matters involving quality, safe and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through evidenced based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services inherent in the professions

Explain the selection, dosing considerations with methods of administration, safe use, contraindications and precautions of drugs based on their chemical and pharmacologic properties

Outline comprehensive patient management plans for the special patient population

Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides

Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups defining medical, legal, philosophical, ethical, and health care management standards.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Sun Valley Since 1936, skiers from all over the world have been saying that Sun Valley is definitely worth the trip. Don't be surprised if you catch a glimpse of a world champion, as you carve your way down Bald Mountain. Dollar Mountain, "the finest teaching mountain in the world," caters to the needs of beginners with 10 runs and 628 feet of supportive, nurturing vertical rise. Over 200 experienced instructors are available to hone your alpine, snowboarding, or racing skills. Finely appointed day lodges, a total of 14 lifts and 65 varied runs await on either side of the mountain.

Sun Valley offers a myriad of shops and boutiques offering everything from exclusive clothing lines to literary gems and custom jewelry. Nothing warms the soul and delights the spirit like the bounty available from Sun Valley's host of restaurants. From robust Idaho fare to a taste of old Italy, you'd be hard pressed to sample all that Sun Valley offers in a single stay. From smooth jazz in a relaxing atmosphere, fresh comedy, first-run stage productions and movies, friendly watering holes, and classic theater, Sun Valley promises a wealth of entertainment for every mood or occasion.

A sleigh ride to Trail Creek Cabin for dinner has traditionally been one of the most memorable winter experiences for the whole family. For children, the winter program includes indoor/outdoor play, arts and crafts, alpine skiing and ice skating.

SCHEDULE AND FACULTY CHANGES:

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:

\$100 December 15, 2016 to January 14, 2017. No refund after January 14, 2017; however, 50% of tuition paid may be applied toward tuition for another NWS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):

FAP lets you accumulate points based on dollars spent with NWS including net hotel and tuition booked through NWS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWS.

ERRONEOUS PRICING NOTICE:

Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserve the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
