

RADIOLOGY ONLINE STUDY CLUB

Dr. Ernest Lam

This study club will guide general dentists and dental specialists in the development of a systematic and biologically-based approach to radiologic image interpretation. Together, we will examine radiologic images that have been made in dental clinical settings, including intraoral, panoramic and cone beam CT images, review the scope and adequacy of the imaging examination, identify important imaging features of abnormalities, and develop a differential or definitive diagnosis for the abnormalities we have identified. Participants are encouraged to send images from their own private practices to Dr. Lam in advance of the study club, but this is not a requirement for participation. Each month, at least 5 cases will be reviewed by the study club members.

THE GOALS FOR PARTICIPANTS WHO ATTEND THE STUDY CLUB ARE:

- To develop an approach to investigating an abnormality that is identified on imaging.
- To develop a systematic strategy to describing abnormalities on radiologic images made in practice, and discuss the necessity for additional images.
- To focus on the role of biological processes in the development of abnormalities rather than the memorization of the names of many different lesions.
- To develop a way to obtain advice from others to help in the process of evaluating an imaging findings, making diagnoses and next steps in patient management.

SCHEDULE & TIMES:

WEDNESDAY EVENINGS | 5:30 - 7:30 PM (PST)

Session 1	October 15, 2025
Session 2	November 19, 2025
Session 3	January 21, 2026
Session 4	February 25, 2026
Session 5	April 15, 2026
Session 6	May 06, 2026

TUITION:

All Dental Professionals **\$600**

**This study club will be held online
via ZOOM Live Webinar.**

CLINICIAN

ERNEST LAM, DMD, MSc, PhD, FRCD(C), Professor, University of Toronto Faculty of Dentistry, is an oral and maxillofacial radiologist. He has served as the Director of the Oral and Maxillofacial Radiology Graduate Program (2009 to 2022) and as Associate Dean, Graduate Education (2016 to 2023). Dr. Lam received his DMD and MSc degrees from UBC, and a Certificate in Oral and Maxillofacial Radiology and a PhD in Radiation Biology from the University of Iowa. He is a Fellow of the Royal College of Dentists of Canada and a Diplomate of the American Board of Oral and Maxillofacial Radiology. During his career, Dr. Lam has been involved in undergraduate and graduate education and research, university governance, academic leadership coaching, and high-stakes testing at both the undergraduate and specialty levels in Canada and the United States.

CANCELLATION POLICY

Registration is your commitment to this year-long study club. Cancellations received up to/on September 15, 2025 will receive a refund less a \$75 administration fee. No refunds will be issued after September 15.

CDE at UBC is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. CDE at UBC designates this activity for the above listed hours of instruction. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

DISCLAIMER: Dental education institutions have an obligation to disseminate new knowledge related to dental practice. Some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by The University of British Columbia does not imply endorsement of a particular philosophy, procedure or product by The University of British Columbia. Fee in full must accompany registration. The tuition fee is deductible for Canadian Income Tax purposes. See cancellation policy.
