

International Network for Fatty Acid Oxidation Research and Management

September 2nd & 3rd 2018 Athens, Greece

This year the INFORM Symposium will precede the SSIEM in Athens, Greece

DIVANI CARAVEL HOTEL In the Heart of Athens

The Divani Caravel Hotel, member of the Leading Hotels of the World, offers luxury and style in the heart of the historical city of Athens, with easy access to the airport and the metro system. The property offers elegant rooms, a variety of restaurants and lounge/bars, a rooftop health club, indoor/outdoor swimming pool with amazing views to the city, Acropolis and Lycabettus Hill, from the upper floors and one of the biggest congress and banquet centers in Athens.

Our 2017 Symposium in Rio de Janeiro Brazil was a great success drawing over 110 participants. Researchers representing 22 countries including Argentina, Australia, Belgium, Brazil, Canada, Chile, China, Denmark, Finland, France, Germany, Indonesia, Japan, Kuwait, Netherlands, Norway, Oman, Portugal, Qatar, South Africa, United Kingdom, and the United States.

The INFORM Symposium is not just a scientific meeting; it encompasses clinical research, clinical trials, and bringing people together – including patient families – to enhance those activities. The INFORM consortium has been instrumental in the implementation of the current clinical trial for triheptanoin. The level and quality of collaboration at the INFORM symposiums is excellent and an important component in the search for improved treatments for children and adults with FAODs.
