HEALTHCARE FACILITIES

symposium and expo

at the intersection of
DESIGN and
WELLNESS

This year's Healthcare Facilities Symposium & Expo will focus on the intersection of design and wellness to serve the community of 2015 and beyond.

A comprehensive focus on wellness begins long before our first caregiver interaction! The impacts felt throughout the entire healthcare community are real and significant, as business models shift, treatment plans change and consumers become more sophisticated, involved and independent.

Come together for 3 days this October to collaborate, share research, hear fresh perspectives and discover the latest products and solutions in the healthcare design industry.

KEYNOTES

TUESDAY, OCTOBER 6 | 9:00 AM–10:30 AM

THE HEART AND SOUL OF HEALTHCARE

Allison Massari

Allison Massari's unique history provides her with an intimate understanding of the demands and challenges of the medical profession, and rare insight into the integral and delicate nature of patient-centered care. Raised by her father and mother, a surgeon and a nurse, Allison spent nearly 16 years working in hospitals and medical office settings. She then experienced firsthand the essential value of receiving personalized health care from devoted, empathetic providers when she survived two life-threatening car accidents. Prepare to be taken on a journey.

WEDNESDAY, OCTOBER 7 | 9:15 AM–10:15 AM

This keynote will be announced at www.hcarefacilities.com as well as through social media in July 2015. Be sure to keep your eyes out for this exciting announcement.

THURSDAY, OCTOBER 8 | 10:30 AM–11:30 AM

TRANSFORMATION ACCELERATION: TRENDS, TRIALS, AND TRIUMPHS

Marc A. Sauvé, LEAN MBA, *Director of Strategic Planning, Gresham Smith and Partners*

As healthcare transformation continues, market forces are reshaping the landscape into tomorrow's delivery system. Reeling in the cost of care with ACO secrets and bundled payment initiatives, the future is framed with uncanny accuracy and unsettling insight. Acceleration of mergers and acquisitions will not counter the end of top line growth; new infrastructure deployment strategies must be customized to individual market dynamics.

NETWORKING OPPORTUNITIES

STUDENT CHARETTE

Sponsored by:
ASSA ABLOY

The global leader in door opening solutions

GS Brokered through a partnership of Assa Abloy, The CARITAS Project, Chicago AIA and the CAIA Healthcare Knowledge Community, the Chicago Healthcare Student Charette returns again for its third year. This continuing tradition of exposing future minds to the world of healthcare facilities' changing needs, and how they might approach those needs, brings to Symposium attendees the fresh vision critical to challenging the boundaries of the expected. For the first time in this yearly series, students will be asked to review an ongoing healthcare project in the community; to offer up their imagination, their Generative approach, and show what might have been had we gone down a different rabbit hole.

To register or for up-to-date information visit www.hcarefacilities.com.

FACILITY TOURS

Separate registration required

TOUR 1

PRESENCE CENTER FOR ADVANCED CARE AT SAINT JOSEPH HOSPITAL

The healthcare landscape in Chicago is experiencing a dramatic evolution as large, financially-stable health-care organizations begin to merge into regional mega-systems. Physician groups are restructured to function as a group practice with emphasis on care coordination, patient satisfaction and efficiency. In this facility tour, you will see that care in action at Presence Center

for Advance Care (PCAC) on the campus of Presence Saint Joseph Hospital in Chicago.

TOUR 2

ADVOCATE CHRIST OUTPATIENT PAVILION – OAK LAWN

Planned, designed and constructed in under three years, the Advocate Christ Medical Center (ACMC) Outpatient Pavilion was envisioned as a model to respond to the nationwide shift from inpatient to ambulatory, on-campus care. The LEED Gold facility promotes enhanced outpatient services where collaboration is emphasized, inefficiencies minimized and cost-savings optimized.

TOUR 3

ADVOCATE ILLINOIS MASONIC MEDICAL CENTER - CENTER FOR ADVANCED CARE

The Center for Advanced Care will create a destination point for local residents as a Community Health Resource, enhancing AIMCC's leadership role within the community while simultaneously filling a physical void with this new world-class medical facility.
