COURSE DIRECTOR: Ashley Booth Norse, MD, FACEP, Associate Medical Director, Associate Program Director, Director of Governmental Affairs, Associate Professor of Emergency Medicine, University of Florida College of Medicine, Jacksonville, Florida

MEDICAL DIRECTOR: Mark Murphy, MD, MSN Education, Austin, Texas and Northwest Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, physician assistants, registered nurses, paramedics, pre-hospital emergency medicine care providers and all other medical care providers who must maintain state-of-the-art knowledge of not only the specialty, but also of additional related disciplines which both impact and are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice; maintain state-of-the-art knowledge of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues to function toward common goals in providing consistent care in all settings in which emergency care is provided; serve as an expert in matters involving quality, safe and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through evidenced based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services inherent in the professions

Explain the selection, dosing considerations with methods of administration, safe use, contraindications and precautions of drugs based on their chemical and pharmacologic properties

Outline comprehensive patient management plans for the special patient population

Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides

Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups defining medical, legal, philosophical, ethical, and health care management standards.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas and Northwest Seminars. The A. †Pharmacology hours subject to change.

Destin has grown from a historic fishing village to a premiere resort destination. The city sits along the coast in the Florida Panhandle, at the end of a peninsula separating Choctawhatchee Bay from the Gulf of Mexico. The area is famous for its emerald-colored waters and sugar-white sand beaches, hence the nickname "Emerald Coast".

Visit the Village of Baytowne Wharf in the Sandestin Resort for shopping, dining, and exciting nightlife. The Market Shops and Silver Sands Factory Outlet Stores, both nearby, offer more shopping. Why not try Big Kahuna Water Park, just a short drive away or, if you're willing to travel a little farther, check out the Ebro Dog Track for greyhound racing. Eden State Gardens and Mansion is a perfect place to enjoy the beautiful scenery and perhaps a picnic. Make a trip to the Harborwalk Marina at the foot of the Destin bridge where you can rent a slip, or chat with fishermen to perhaps pick up a few deep sea fishing secrets. Climb aboard a chartered fishing or party boat or simply lounge on the beach.

Destin can be accessed by arriving in the following airports: Okaloosa County Air Terminal (approx. 35 min drive); Northwest Florida Regional Airport (approx. 45 min drive); Pensacola Regional Municipal Airport (approx. 1 hr drive); Panama City Airport (approx. 1-1/2 hr drive).

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.northwestseminars.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 Email: kellee@universalttravel1.com
