The 2015

SAN DIEGO DAY OF TRAUMA

Extreme Trauma: *Taking it to the Limit with Life in the Balance*

November 6, 2015 • Kona Kai Resort, San Diego, CA

Course Overview

The San Diego Day of Trauma is a nationally accredited continuing medical education conference designed for physicians, nurses, physician assistants and first responders in the fields of trauma, emergency, and critical care medicine. Nationally renowned speakers will present state of the art management of life threatening emergencies commonly encountered in the field. Conference speakers will include specialists in the fields of pre-hospital care, trauma surgery, and critical care. Lectures, real-life case presentations, and interactive sessions will engage attendees and promote improved patient outcomes.

Conference Highlights

- Concise and focused lectures by experts in trauma and critical care medicine
- Case presentation segment focusing on real-life trauma cases
- Extensive audience participation, panel discussions, and Q&A with expert faculty
- Mobile conference app with access to course materials and recordings from the convenience of your mobile device or computer

Educational Objectives

After attending this activity, participants should be able to:

- Outline high-risk situations in trauma care where critical thinking and decisive action is required.
- Discuss pre-hospital scenarios in which airway is lost and immediate action is necessary.
- Identify key decision points in managing severe hemorrhagic shock.
- Summarize the challenge of caring for badly injured and abused children.
- Demonstrate characteristics of successful trauma and critical care teams in practice.
- Illustrate the essential elements of managing extreme injuries and potential challenges that may arise.
