

RANZCO | SOUTH AUSTRALIA
BRANCH

RANZCO DARWIN 2023

RANZCO SA/NT Branch Meeting **1 - 2 September 2023** Darwin Convention Centre

Invitation to attend

RANZCO SA Congress 2023

Invitation to attend

The committee of the South Australian Branch of the Royal Australian and New Zealand College of Ophthalmologists invites you to attend our biennial Scientific Meeting, to be held in Darwin, 1 - 2 September 2023.

After a 4-year hiatus we are heading back to the Top End. Shed that winter wardrobe and join us to update your clinical knowledge. Think tropical sunsets, ancient landscapes, fragrant bowls of laksa and an opportunity to mingle with colleagues.

The meeting will be held Friday afternoon and all-day Saturday.

With invited speakers from Australia and New Zealand, we look forward to a thought-provoking update on our current and future directions of our clinical practice.

Seed Events will be working with us providing all the necessary support for delegates. As this is a popular time in Darwin, **please book early**.

We look forward to an excellent scientific meeting and to your support in making it a success.

Dr Anna Galanopoulos and Dr Matthew Little
Convenors

Confirmed speakers

Professor Helen Danesh-Meyer

Neuro-ophthalmology and glaucoma updates

Associate Professor Michael Lawless

10 things that might make your cataract surgery better - how to make sense of IOL choices

Also... *updates on myopia control, gene therapies, new retinal therapies and oculoplastic surgical techniques.*
