

Hyatt Centric Park City Ideally situated at the base of Canyons Village in Park City, Utah, Hyatt Centric Park City is an AAA Four Diamond, luxury resort located in the heart of North America's largest ski resort offering 7,300 acres of skiable terrain. Hyatt Centric Park City offers ski-in/ski-out access via Sunrise chairlift. Combined with nearby Deer Valley Resort outdoor enthusiasts can enjoy over 9,000 acres of recreational terrain. Hyatt Centric Park City is a beautiful alpine retreat long loved by skiers, snowboarders, and outdoor enthusiasts. It's situated about five miles from downtown Park City dining and shopping, and during ski season, the lodge provides guests with a free shuttle within the Canyons Resort area and downtown Park City. This resort features an outdoor heated pool and two whirlpools for use all year long. Enjoy a swim in the warm, soothing waters while you enjoy the peaceful views of snow-capped mountains. Grab some food from EPC Market, and head out to eat an alfresco breakfast, lunch, or dinner poolside. Keep up your workout routine in the 24-hour StayFit™ fitness center. When it's time to dine, Escala Provisions Company is a casual restaurant and bar that serves fresh locally-inspired food and drinks for breakfast and dinner. An extension to the restaurant, the urban market, offers an abundant selection of beverages and foods like salads, sandwiches, and, hearth fired pizza. After a day on the slopes, roast s'mores at Escala Provisions Company while gathered around the fire with the family.

Deluxe guest rooms are approximately 380 sqft. and offer 1 King or 2 Queen beds (based on availability at time of check-in) plus a stone gas fireplace, studio style kitchenette complete with sink, small refrigerator, and microwave, a deluxe bathroom with KenetMD™ amenities, a flat-screen LCD TV, robes, hairdryer, coffeemaker, iHome radio alarm clock/iPod® docking station, and more. One Bedroom Suites offer 780+ sqft. of residential-style elegance with 1 King bed or 1 Queen bed (based on availability at time of check-in) plus a pull out sofa with 6" memory foam mattress. Enjoy two fireplaces, a full size kitchen equipped with Viking appliances, spa-like bathroom, flat-screen LCD TV, DVD Player, in-room Whirlpool washer and dryer, robes, hairdryer, coffeemaker, iHome radio alarm clock/iPod® docking station, and more. The Hyatt Centric Park City is approximately 40 minutes by car or shuttle ride from the Salt Lake City Airport (SLC).

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. Nwas/NWWT room rate include complimentary internet access in guest room.

- Deluxe Guest Room: 1 King bed - \$379** (Max 2 adults)
Deluxe Guest Room: 2 Queen beds - \$379 (Max 4 adults)
One Bedroom Suite: 1 King or 1 Queen bed (hotel's choice at time of check in) + sofa sleeper (extremely limited) \$479 (Max 4 adults)
• Room rates do not include 11.85% tax, or Resort Service Fee of \$25 per room, per day.
• Additional adult 18+ over double occupancy, add \$25 per night
• Roll-away beds (not available in rooms with 2 Queen beds) are \$25 per night
• No charge for cribs (based on availability)

Resort Service Fee amenities include: Wireless Internet access in guest rooms, valet and self-parking, use of in-room safe, access to ski valet, DVD rentals, local and 800 calls, and use of the 24-hour health club. Resort Service Fee inclusions and pricing subject to change without notice.

DEPOSIT REQUIRED: Credit card required to hold your room. Full stay plus tax will be charged 30 days prior to arrival. Rooms are limited and available only through NWWT. Rate and availability not guaranteed until deposit received.

CANCELLATIONS: Cancellations of room reservations received inside of 35 days prior to arrival will be charged for their entire reserved stay. This includes date changes, early departures, and room type changes. **No exceptions for any reason, this is strict hotel policy. Travel insurance is recommended.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Anesthesiologist Assistants: The National Commission for Certification of Anesthesiologist Assistants (NCCAA) will accept CME credit for programs approved for continuing medical education by the AMA, AAPA, and ACCME.

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1033369; Expiration Date 3/17/17.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for AMA PRA Category 1 Credit™ from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: Nwas is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), and the Georgia Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Park City is a unique combination of easy access and remote appeal. Park City's turn-of-the-century character, as established by silver miners of old, is alive and well. Today, more than 1,200 miles of old mining tunnels wind through the surrounding mountains, and a walk down historic Main Street is all it takes to bring back the romance of the Old West.

Sixty-four of Park City's buildings are listed on the National Register of Historic Places, many of which are located along the town's Main Street. Shop over 200 unique businesses, dine at 50 one-of-a-kind restaurants, and stroll through the Park City Museum or a selection of local art galleries. Take in a show at the Egyptian Theatre where you'll find a variety of entertainment including comedy, dance, concerts, youth theater and more.

When it comes to cruising groomed trails, carving up a half-pipe, or cutting new powder, perfection is what Park City brings at the largest ski resort in the United States. Combined, Park City Base Area and Canyons Village offer over 7,800 rideable acres and "The Greatest Snow On Earth." Visit the Olympic Utah Park, experience the incredible speed and G-forces of bobsled or individual rocket sled rides on the Park's 1,335 meter bob/luge track. You will also find opportunities to cross-country ski, hike, fish, boat, and enjoy wildlife.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltravel1.com

Course Registration

17MPC

TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 12/13/16)</i>	\$950	\$900	\$800
Regular <i>(Paid after 12/13/16)</i>	\$1000	\$950	\$850
Daily	\$205	\$194	\$174

PAYMENT METHODS:

Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to Nwas.

SCHEDULE AND FACULTY CHANGES:

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. Nwas and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:

\$100 January 12, 2017 to February 11, 2017. No refund after February 10, 2017; however, 50% of tuition paid may be applied toward tuition for another Nwas program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):

FAP lets you accumulate points based on dollars spent with Nwas including net hotel and tuition booked through Nwas (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting Nwas.

ERRONEOUS PRICING NOTICE:

Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
