Onsite Sign-in

There will be onsite sign in for the course on Friday Morning from 7:00AM to 8:00AM at the Quality Inn and Suites 49'er. You will receive your printed textbook and schedule prior to the start of classes on Wednesday morning. Sign-in is required so that we have an accurate record of your attendance for CME credits.

Course Materials

The textbook is available as a download from the AWLS.org website. You will be emailed a registration confirmation and password after you register for the course. Your printed textbook will be available at the course

Course Description

“Learn the skills to prevent medical problems; reduce suffering and save lives in non-traditional medical settings

- Earn your Advanced Wilderness Life Support certification
- Learn the latest practical hands-on wilderness medicine skills for patient assessment, treatment and evacuation protocols
- Practice your skills in live scenarios with our expert instructors
- Obtain up to 20.5 hours of category 1 CME*
- Receive Wilderness Medical Society Fellowship credits

Course Objectives

To provide a practical foundation in Wilderness Medicine for medical professionals

To teach patient assessment and treatment guidelines for life support until definitive care or evacuation is available

To train the provider in methods for managing medical and trauma emergencies and urgencies in the wilderness when evacuation is unavailable or unnecessary

Topics Include:

- | | |
|--------------------------------------|---|
| ❖ Patient assessment | ❖ Wound management |
| ❖ Trauma | ❖ Water treatment |
| ❖ Medical problems | ❖ Hyperthermia, hypothermia & frostbite |
| ❖ Infectious disease | ❖ Medical kits |
| ❖ Head, Ear, Eye, Nose, Throat, Skin | ❖ Lightning |
| ❖ Animal & insect Bites | ❖ HAPE/HACE |

Ian Wedmore, MD, FAWM

Assistant Chief, Dept of Emergency Medicine
Madigan Army Medical Center
Tacoma, Washington

***Note:** Listed Faculty may not lecture at every conference. A final schedule will be provided prior to each course.*

All AWLS faculty have signed disclosure statements that they have no relevant financial relationships with any course sponsors.

Grand Teton National Park

An ethereal mountain landscape where jagged peaks tower more than a mile above the Jackson Hole valley, Grand Teton National Park is located in northwestern Wyoming just south of Yellowstone National Park and just north of the town of Jackson. Visitors can reach the park through U.S. 191.

The park's mountain range is very popular among climbers, hikers and photographers. The Tetons are a prime example of fault-block mountain formation. When the earth's crust cracked along a fault millions of years ago, the Tetons rose into the sky. The exposed crystalline rocks give these mountains their dramatic appearance in any season. The Grand Teton rises to 13,770 feet above sea level and 12 other peaks reach above 12,000 feet elevation.

Sixty species of mammals, over 300 species of birds and a half dozen game fish call the Jackson Hole area home. The American elk (wapiti) is the most common member of the deer family in the park. During the summer, the elk range high in the mountains in search of food. When winter comes, they descend to the floor of Jackson Hole. Many migrate to the National Elk Refuge just north of the town of Jackson.

Grand Teton National Park offers hiking, camping, climbing, boating, kayaking and numerous photography opportunities. A road winds through the park, but the best way to experience the park is to take one of its shorter trails. www.wyomingtourism.org, or www.nps.gov/grte

Lodging

The conference will be held at the Quality Inn & Suites 49'r located at 330 West Pearl Ave. in Jackson, Wyoming just outside the entrance to Grand Teton National Park. The Inn is within a block of Jackson's charming, western town square and steps to numerous restaurants, shops, art galleries and nightspots. The hotel is convenient to **Grand Teton National Park**, **Yellowstone National Park** and other local attractions.

For rates and reservations please contact the hotel directly at (800) 451-2980 or visit their website <http://www.qualityinn.com/hotel-jackson-wyoming-WY023?sid=x3kucg.XvdSUg2dc.6>

For other lodging please visit www.jacksonholechamber.com/lodging/

Transportation & Directions

Jackson is located in northwestern Wyoming, just outside the entrance to Grand Teton National Park. The Jackson Hole Airport is located at the base of the spectacular Teton mountain range entirely within Grand Teton National Park. American Airlines, Delta Airlines, Frontier Airlines, SkyWest Airlines and United Airlines service the Airport. These airlines provide service to Denver, Salt Lake City, Dallas/Ft. Worth, Minneapolis, Chicago, Atlanta, and Los Angeles. The closest major airport is Salt Lake International, 250 miles from Jackson.

. Clothing & Other Equipment

Jackson is generally mild in the month of June with normal high temperatures of 71 degrees Fahrenheit and lows of 37 degrees. However, it is possible to experience thunderstorms with cool rain and temperatures up to 90 degrees. The nights and mornings will be chilly, so bring rain jacket and pants and warmer clothes. Hiking shoes or other footwear appropriate to outdoor recreation is recommended for the practical teaching sessions.

Registration

Register online at www.awls.org or complete the form below and fax to 801-606-3101, email to info@awls.org or mail it to AdventureMed at 637B South Broadway, Suite 339, Boulder, CO 80305.
