ICP PRESIDENTIAL MESSAGE

KAZUYOSHI BABA, DDS, PhD

Professor and Chair
Department of
Prosthodontics
Showa University, Tokyo
PROGRAM CO-CHAIR

Greetings to all our ICP members!

Now that we, starting from 1st January 2018, take over the Co-Presidency of ICP from Mario Bresciano and Brian Fitzpatrick, it is a good occasion to look back on their successful Presidency and to look forward to the coming period.

Mario Bresciano and Brian Fitzpatrick, heading their team of Officers and Counselors, did a lot of work behind the scenes and out of direct sight of the ICP membership. What stands out most are the implementation of new grants and prizes for young researchers and members of ICP interested in doing research, together with professionalized procedures to apply for these grants. Another big issue was the update of standard operating procedures for the ICP board, which intensified the professionalization of the organization. Speaking of professionalization, we take a moment to reflect on the retirement of Eben Yancy, who as director of RES, was responsible for many years as the professional back-up of ICP. Although we have full trust in his committed successor Lynn Reeves, the ICP will miss his wisdom and engagement. Eben is owed ICP's gratitude for all the work he has done for the College.

PROGRAM CO-CHAIR

Most visible in the past two years was, of course, our bi-annual meeting in Santiago, Chili. It was the first occasion that the ICP

held a conference in South America. The Scientific Program Committee, headed by Dr. Dean Morton on behalf of the ICP, and Dr. Eugenio Neito Grez on behalf of our local partner Sociedad de Protesis y Rehabilitacion Oral de Chile (SPROCh) – composed a program that addressed mainly two topics: one was the role and use of digital technologies in prosthodontics, the other was focusing on providing simple and minimal invasive treatment interventions to improve patients' oral health-related quality of life. These two topics suggest covering two ends of the prosthodontic spectrum, but were brought under the conference theme of "Less is More" in a very natural way as belonging together. Besides an interesting scientific program, the organizers provided us with excellent social outings and activities.

Usually, the even years show a quieter international scientific presence of ICP, but in 2018, ICP will participate in a combined scientific conference in conjunction with the Italian Academy of Prosthetic Dentistry (AIOP). ICP accepted an invitation of AIOP to participate in a two-day congress on Occlusion, Treatment Planning and Full-Arch on Implants in Riccione, Italy from April 13th to 15th, 2018. Another important activity, in which ICP is involved, is the Young Prosthodontic Educators workshop that will be held in Karlsruhe, Germany in October 2018. This initiative of the Chief Editor of the International Journal of Prosthodontics Dr. George Zarb, who chairs this workshop together with the director of the Dental Academy for Continuing Professional Development in Karlsruhe, Dr. Winfred Walther, is supported in part by the ICP, as proof of its engagement in not only research but also in educational matters. Through the Education Grants program, the ICP provides a portion of the financial support required for this unique workshop, which allows talented young prosthodontic educators to work together with a faculty of renowned senior prosthodontic scholars from all over the globe.

In 2018 your team comprising the Co-Presidents, Scientific Program Chairs, related Committees and RES, will be working diligently to continue to place the essential pieces together as we head toward the 18th International ICP Biennial Meeting, to be held together with the European Prosthodontic Association (EPA) in September 2019 in Amsterdam, the Netherlands.

Yours Sincerely,

*Dr. Nico Creugers and Dr. Nicola Ursula Zitzmann
Co-Presidents of the ICP*

Conference Overview

The conference program will take place over 2 1/2 days and has the special advantage of a joint meeting with the European Prosthodontic Association (EPA). Presentations will be made by keynote speakers followed by short oral abstract submissions. The conference days will consist of both plenary and concurrent oral lecture sessions and poster presentations. Our 2019 Poster Session will be combined with the exhibit reception to further maximize sponsor exposure and networking amongst the delegates. The conference will also offer additional elective events, such as the ICP-EPA reception and banquet and an unforgettable social outing that you will not want to miss!

CONFERENCE VENUE

The 18th Biennial Meeting of the ICP and the 43rd Annual Meeting of the the European Prosthodontic Association (EPA) will be held at the Beurs van Berlage, the premier convention venue in Amsterdam over the dates of September 4-7, 2019. Our agenda will bring together leaders in prosthodontics from around the world. The city of Amsterdam will provide an outstanding venue for for social and professional networking.

Amsterdam, The Netherlands

Amsterdam is one of the greatest small cities in the world. From its canals, to its world-famous museums and historical sights, it is one of the most unique cities in Europe. Known for its tolerance and diversity, Amsterdam has all of the advantages of a big city: rich culture, lively nightlife, international cuisine and great transportation – but is also quiet, with serene parks, squares and open spaces to enjoy throughout the city.

Hotel Reservations

The ICP/EPA 2019 Joint Meeting will be held at the Beurs van Berlage Amsterdam Conference Center. This is located in the heart of Amsterdam. We have arranged for four different hotel options within walking distance of the conference venue for the attendees to select from. The following hotels have been specially selected for the ICP/EPA 2019 Joint Meeting.

DoubleTree by Hilton Hotel Amsterdam Centraal Station
Renaissance Amsterdam Hotel
Kimpton De Witt Amsterdam
NH Collection Amsterdam Grand Hotel Krasnapolsky

Please do not delay... make your reservations early! [Link to hotel information](#).

CONTACT DETAILS

Would you need a room on a date that is currently not available? Or do you have other questions? Please contact the Conference Services department of the Beurs van Berlage at services@beursvanberlage.com or +31 (0)20 530 41 37

Rooms are limited and based on availability.

The Beurs van Berlage is a building on the Damrak, in the centre of Amsterdam. It was designed as a commodity exchange by architect Hendrik Petrus Berlage and constructed between 1896 and 1903.

Conference Member Benefits

We encourage our members to remain active and appreciate their support and dedication. Dues must be paid in full if registering for our meeting as a member. Members with dues in arrears may register at the non-member fee.

The International Journal of Prosthodontics

The official journal of the ICP . . . a fantastic bargain!

ICP constituent and affiliate members receive a year's subscription to the IJP included in your annual dues payment. ICP members are offered discounted conference fees and encouraged to submit abstracts. Take the opportunity to become a member TODAY! Review our organization and apply for membership on-line at: www.icp-org.com

Graduate Student Treatment Planning Session

We are happy to announce that the ICP will once again incorporate a Graduate Student Treatment Planning Session.

This will consist of 15-minute presentations of case-specific treatment plans, treatment sequence and outcomes. The emphasis will be on the decision-making process involved in arriving at a diagnosis and appropriate treatment plan, taking into account the best available evidence.

Abstracts and Posters

CALL FOR PAPERS

- You must be an active member of the ICP/EPA to submit abstract papers (poster). If you are not current with annual dues or have not yet joined the ICP/EPA, please do so before submitting an abstract.
- All posters relating to conference topics will be accepted.
- Abstract papers must be submitted on the ICP/EPA website: www.icp-conference.com > Call for Papers

Instructions for oral and poster presentations are posted on the ICP/EPA conference website. Please keep your abstracts to 350 words or less. All selected abstracts will be published in our conference program book. Papers will be published as presented by author. Please be sure to proofread your paper. Abstracts may be edited on the conference website up to June 15, 2019 (printing deadline).

DEADLINES

- 5/31/19 Oral Abstract Submission
- 5/31/19 Graduate Student Abstract Papers
- 6/14/19 Poster Abstract Submission
- 6/19/19 Oral Abstract Notifications

POSTER AWARDS

Awards will be presented to outstanding posters during the ICP/EPA meeting.

Eligibility: First (presenting) author of any poster presented at the meeting will be eligible for the prize.

Adjudication: A panel of judges will review the posters.

Presentation: The awards will be presented during the ICP/EPA meeting.

Prize: There will be prizes for posters in four categories. Due to the large number of posters submitted, poster abstract papers will be reviewed upon submission and nominations for awards will first be selected based on the quality of the submitted abstract. Please prepare your abstract paper accordingly. However, all posters will be reviewed to determine if additional nominations are acceptable for awards.

PRIZES

1. The best case presentation poster
2. The best posters depicting clinical research
3. The best posters for all other research
4. The best posters in any category from local participants

Publication: Abstracts with definitive scientific data may be considered for publication in the IJP.

Attendance: The poster's "first author" must be the "presenter" during the scheduled poster session. Presenters who fail to attend the meeting will have their abstract removed from publication and consideration for awards.

Views expressed by the presenters at the ICP/EPA Meeting are solely their own and do not necessarily reflect the positions or policies of the ICP/EPA. The ICP/EPA reserves the right to cancel or modify its program as circumstances might dictate.
