

Placing the spotlight on the Biopsychosocial

Perceptions of injustice:
a risk factor for chronic
pain and disability

Capturing social
outcomes

How does chronic pain
impact on employment?

Evaluation of Follow on
Groups

What is the 'social' in
biopsychosocial?

Epidemiology of Chronic
Pain

Social influences on pain

What is Social Prescribing?

Co-creating services and
resources

Taking a broader perspective at Bristol: 11 & 12 September 2019

We need your drive and enthusiasm to explore these factors and consider their application to Pain Management Services
