About Bhubaneswar

Bhubaneswar the capital of the state of Odisha is the largest city and is a centre of economic and religious importance in Eastern India.

Along with the old town, the region of Bhubaneswar, historically was often depicted as Ekamra Kshetra. With the diverse ranges of heritage resources, it showcases significant sacred cultural landscape components which have evolved with the support of available natural resource base and cultural trigger.

Bhubaneswar is an ancient city in India's eastern state of Odisha, formerly Orissa. Many temples built from sandstone are dotted around Bindu Sagar Lake in the old city, including the 11th century Hindu Lingaraja Temple. Outside Rajarani Temple are sculpted figures of the guardians of the 8 cardinal and ordinal directions. Jain antiques, weaponry and indigenous pattachitra paintings fill the Odisha State Museum.
