ABOUT THE CONFERENCE

This conference has the ability to attract state, national and international delegates. This conference is unique, as it would meet the needs of practicing pediatricians, neonatologists and postgraduates in pediatrics and neonatology.

As the number of articles world-wide in the medical press explodes, the importance of understanding and disseminating the principles of Evidence Based Medicine becomes greater. This is a central focus of the Society of Evidence-Based Neonatology (EBNeo).

There is ample opportunity for all neonatologists interested in methodologically based Neonatal care to participate, from the ground level!

WHAT IS NEW?

- It is the first International conference of EBNeo in India
- Two day ventilation workshop
- Workshop on quality and Neonatal Neurology by renowned experts
- CME with pure academic content
- Talks from experts in the field of Neonatology in India & Abroad
