THE 3rd FRIENDS OF ISRAEL UROLOGY SYMPOSIUM • TEL AVIV, ISRAEL, JULY 5-7, 2016

Dear Friends,

The 1st and 2nd Friends of Israel Urology Symposiums (FOIU), held in Tel Aviv, Israel, in 2012 and 2014, were successful and well attended meetings, bringing together international and local colleagues for an interesting and challenging scientific program.

The 3rd Friends of Israel Urology Symposium (FOIU), Tel Aviv, Israel, July 5-7, 2016, will continue as a unique initiative, creating an opportunity for Urologists, Uro-oncologists, Oncologists, Uro-pathologists and Uro-radiologists from all over the world to meet in Israel for a scientific and social forum.

The program created for this meeting is unique in its combination of scientific content, as well as lectures by Israel's world-renowned leaders in science, politics and art, providing you with a "taste of Israel."

We believe that this symposium is a wonderful and exclusive platform where partnerships and collaborations with the Israeli urological community can be formed.

Shalom,

L. Klotz & J. Ramon
