Multiple Registration Discounts

When two or more physicians from the same practice register for the conference, each will receive \$25 off of their registration fee. Multiple registration discounts must be made by phone at 800/962-3053

Credit Breakdown by Day

(Select the days you will attend on your registration form)

Thursday	9 credits
Friday	7.5 credits
Saturday	8.5 credits
Sunday	5 credits

* Program speakers are subject to change.

From the Program Chairs

Dear Alumni, Members and Colleagues,

Please join us for an exceptional 2016 inaugural program in Oak Brook, IL from November 3-6, 2016. The combined conference, offering a comprehensive review of Hot Topics in Medicine, will offer insight into tough problems in infectious diseases, top concerns in pediatrics, geriatric updates, new screening guidelines, controversies in medicine, practice management and physician wellness, while providing the opportunity to earn 30 hours of Category 1-A CME for osteopathic physicians.

The newly renovated Hilton Chicago Oak Brook Hills Conference Center venue is conveniently located near the Midwestern University campus. The meeting will provide an ideal setting to connect with friends and colleagues, while learning the latest updates in practice skills. We invite you to visit the Chicago College of Osteopathic Medicine and Illinois Osteopathic Medical Society websites to learn more. We look forward to a great meeting and seeing you in Oak Brook.

Program Audience

This education program is designed to provide CME for physicians and physician assistants.

Midwestern University Chicago College of Osteopathic Medicine (MWU CCOM) and the Illinois Osteopathic Medical Society (IOMS) are accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians. MWU CCOM and IOMS designates this program for a maximum of 30 AOA Category 1-A credits and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

Meeting Registration

Changes and cancellations must be made by Thursday, October 6, 2016. Cancellations made after Thursday, October 6, 2016 will result in a \$90 cancellation fee.

Hotel Accommodations

Hilton Chicago Oak Brook Hills Resort and Conference Center, 3500 Midwest Road, Oak Brook, IL

Located just west of downtown Chicago in Oak Brook, IL, the hotel offers a complimentary shuttle to the surrounding area, onsite dining options, 24 hour room service, two swimming pools and 24-hour fitness center. A special discounted room rate for Standard King or Queen/Queen is available for \$125 (plus applicable taxes). Reserve by Thursday, October 6, 2016 to receive the group discount rate. Make reservations at 630/850-5555 requesting the "Midwestern University IOMS 2016" room block.

Americans with Disabilities Act (ADA)

Every effort will be made to accommodate requests. Please place special needs requests by Thursday, October 6, 2016 to alumni@midwestern.edu

Registration may be completed on line at
www.midwestern.edu/CRC_Home.html

Thursday – Sunday | November 3 – 6, 2016

Hilton Chicago, Oak Brook Hills Resort and Conference Center
3500 Midwest Road | Oak Brook, IL 60523

Midwestern University and Illinois Osteopathic Medical Society designate this program for a maximum of 30 AOA in Category 1-A credits and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

Hot Topics in Medicine Program Objectives

This program will offer 30 hours of Category 1-A CME for physicians through interactive sessions, lectures and hands-on osteopathic manipulation lab training. At the conclusion of this course, the learner will be able to:

Toughest Problems in Infectious Diseases

- Assess and recognize risk factors for reemerging viral diseases and recommend vaccine preventable measures.
- Define and review guidelines and criteria for community and healthcare associated pneumonia.
- Define criteria for SIRS, sepsis, severe sepsis and septic shock and compare and contrast current guidelines.
- Describe epidemiology, transmission, presentations and treatment for Hepatitis B and C.
- Summarize the HALO approach to evaluating adult vaccine needs.

Top Concerns in Pediatrics

- Discuss strategies to counsel parents toward evidence-based instead of emotion-based treatment decisions for their child.
- Recognize, identify, describe and treat atopic dermatitis and provide parental education.
- Explain and demonstrate osteopathic manipulative medicine for newborns.
- Recognize, screen and communicate with adolescents with substance abuse problems.

Osteopathic Geriatrics

- Discuss presentation of degenerative knee and hip arthritis and treatment options.
- Describe the care pathway for back pain.
- Recognize movement disorder patterns.
- Assess multiple medication regimens and manage polypharmacy in the elderly.

Clinical Topics in Medicine

- Define the pathophysiology of type 2 diabetes, importance of improving insulin secretion and proper control of blood sugar.

- Cite typical and atypical symptoms of coronary artery disease, together with diagnosis guidelines and treatment recommendations.
- Describe and discuss hypertension treatment guidelines.
- Quote updates of biologics in rheumatology.
- Identify safety issues concerning selected over-the-counter products.

Screening Updates and New Guidelines

- Review updates in male and female screening guidelines.
- Recite pediatric updates and guidelines.
- Describe the role of the certified nurse midwife in the current healthcare system.
- Summarize updated pain management guidelines.

Controversies in Medicine

- Assess alternative models for delivery of care.
- Explore strategies for safety and reduction of gun violence in the physician workplace.
- Understand the basic pharmacology, potential therapeutic uses and medical debate issues of marijuana and cannabinoid-like drugs.
- Discuss current prevalence of addiction and vulnerability to develop addictions.

Practice Management and Wellness

- Review major economic, psychologic and sociologic market factors influencing today's practice world.
- Explain and demonstrate current reporting evaluation and management services (e/m) codes and modifier-25. Identify OMT procedure codes and documentation.
- Explain current healthcare challenges for active and inactive military personnel.
