

20 April 2018

Royal College of Anaesthetists, London

Clinical Content Leads: Dr Ramana Alladi and Dr Akbar Vohra

Registration price: £200 (£150 for trainee members of the RCoA)

#RCoADAS

5 CPD Credits

Safety is one of the most important aspects in your role as an anaesthetist. This event will provide a helpful refresher on the must-know guidelines, latest evidence and best practice.

Key areas covered:

- What's new in safety
- Measures to maintain safety including GPAS, ACSA, AAGBI safety guidelines and WHO initiatives.
- Factors that impact safety such as fatigue, ageing anaesthetists and stress

Learning from mistakes is recognised as one of the best ways of embedding new procedures and dealing with safety in the long term. Our expert speakers will share case-studies of their experience, giving you a greater understanding of the national and international initiatives in existence.

20 April 2018 Programme

09.00-09.45	REGISTRATION AND REFRESHMENTS	
09.45-9.50	Welcome and introduction	Dr Ramana Alladi Dr Akbar Vohra
