Melissa Connor
Executive Director

Sophie Harris
Director of Marketing

The Middle Atlantic Society of Oral and Maxillofacial Surgeons is pleased to invite you to attend the 2025 Fall Meeting, which this year is being held in collaboration with Osteo Science Foundation.

We are excited to welcome Dr. Alan Herford who will provide two lectures and discussions on "Incorporating Technology in Facial Surgery" and "Patient's Perspective." We will end the meeting with several abstracts and case presentations from our fellows.

In addition to the educational program, this meeting will showcase a variety of tabletop exhibits. Vendors will be ready to discuss and demonstrate the latest in equipment, materials and services available to the oral and maxillofacial surgeon.

We can't wait to see you at the beautiful Turf Valley Resort!

Sincerely yours,

Andrew

Andrew P. Heise, DMD, MD
MASOMS President

SPEAKER AND COURSE INFORMATION

Alan S. Herford, DDS, MD

Dr. Herford is Professor and Chair of the Department of Oral and Maxillofacial Surgery at Loma Linda University School of Dentistry. He also holds the Philip Boyne & Peter Geistlich Endowed Professorship. Other appointments include Loma Linda University School of Medicine and he also serves as the Director of Oral and Maxillofacial Surgery in the Department of Surgery at Arrowhead Regional Medical Center.

Dr. Herford serves on numerous committees and Boards. In 2013 he was named a founding board member of Osteo Science Foundation (OSF) and currently serves as a board member of the Foundation. He served as President of the American Board of Oral and Maxillofacial Surgery (ABOMS) as well as President of the California Association of Oral and Maxillofacial Surgeons (CALAOMS). Dr. Herford has a strong interest in trauma and is a past Chair of the North American Craniomaxillofacial Trauma Education Council of the AO/ASIF as well as a board of director for the AO North America (AONA). He currently serves as Vice President on the Board of Directors for the American Institute of Oral Biology (AIOB). He is a Fellow of the American Association of Oral and Maxillofacial Surgeons, the American College of Surgeons, the American College of Dentists, and the International College of Dentists. He has numerous publications and lectures throughout the world on various topics related to regeneration.

Dr Herford's current interests include utilizing technological advances to improve reconstructive treatment options for patients. Dr Herford enjoys balancing a busy work schedule with spending time with his family.

"Incorporating Technology in Facial Surgery"

Technology has changed the way we perform surgery. We will focus on ways to incorporate these technologies in practice. Benefits, such as increased predictability and improved results, for both the patient and surgeon will be discussed. The format will include case presentations and invited participation.
