The **Duke Solid Organ Transplant Summit** is affordable, accessible and tailored to meet the demands of the entire care team for transplant patients including surgeons, anesthesiologists, cardiologists, pulmonologists, nephrologists, hepatologists, advanced practice providers, nurses and pharmacists.

Join your colleagues to:

- Get updated on the latest scientific advancements around care of solid organ transplant candidates and recipients.
- Learn from didactic sessions, current research, case studies, Q&A and take-home decision support tools.

For more information, visit innovation.surgery.duke.edu/courses

This program is a partnership between the Duke Department of Surgery and the Department of Medicine to facilitate the multidisciplinary adoption of new research results and practice guidelines by healthcare providers who care for solid organ transplant patients.
