

8th UK Advanced MSK MRI Interpretation and Reporting Course

An intensive and interactive case-based course featuring short lectures, plus supervised individual and small group interpretation and reporting practice

organised by **Infomed Research & Training**,
on **Thursday 13 and Friday 14 December 2018**,
at the ULL, 33 Finsbury Square, London EC2A 1AG

Course approved
for 1 Credit Point
(Category 2) towards
the [ESSR Diploma](#)

✓ This course provides
12 CPD credits
in accordance with
the CPD Scheme of
the Royal College
of Radiologists

Target Audience

The course is pitched at a level **suitable for consultants and senior STs** in radiology involved in interpreting and reporting MSK MRI in their clinical practice. The course would also benefit **consultants** in **orthopaedic surgery**.

Course Directors

Dr Keshthra Satchithananda, Consultant Radiologist,
King's College Hospital, London

Dr David Elias, Consultant MSK Radiologist,
King's College Hospital, London

Course Faculty

Leading MSK Radiologists, experts in their respective fields and experienced in advancing the MRI skills of peers

- **Dr Elizabeth Dick**, Consultant Radiologist and Hon Senior Lecturer, Imperial College Healthcare NHS Trust
- **Dr Chandani Thorning**, Consultant MSK Radiologist, Epsom and St Helier University Hospitals NHS Trust
- **Dr Martin Watson**, Consultant in Radiology, West Middlesex University Hospital, Isleworth
- **Dr Lisa Meacock**, Consultant MSK Radiologist, King's College Hospital, London

About this unique Course

- ✓ **Numbers strictly limited, two attendees per iMac workstation for peer interaction and learning**
- ✓ Intensive supervised interpretation and reporting practice, including cases in (1) Shoulder, (2) Elbow, (3) Wrist and Hand, (4) Hip, (5) Knee and (6) Ankle and Foot
- ✓ **Short introductory lectures, offering guidance, practical knowledge, what not to miss and how**
- ✓ Time and freedom to review cases at your own pace
- ✓ **Case review and discussion panel, Q&A, reporting guidance, tips and common errors to avoid**
 - ✓ Interactive discussions, trauma and non-trauma cases, what is relevant and significant, take home messages that will change your reporting practice

Course Aim

To provide the busy, 'hands-on' Consultant Radiologist with a practical, stimulating and comprehensive update on interpretation and reporting practice in advanced MSK MRI: (i) **practical** (workstation based learning); (ii) **stimulating** (interactive, high tutor-delegate ratio, challenging cases, immediate feedback); and (iii) **comprehensive** (upper and lower limb, trauma and non-trauma).

By the end of the course, the attendee will have:

- (1) a comprehensive understanding of good/best advanced MSK MRI interpretation and reporting practice;
- (2) improved MSK MRI interpretation and reporting skills;
- (3) greater confidence in her/his advanced practice; and
- (4) identified skills and knowledge gaps, if any, relevant to her/his practice, and clear ways by which these can be addressed.

Over 100
cases to interpret
and report

Places
strictly
limited

Day 1: Thursday 13 December 2018

08.30 – 09.30 **Registration**

09.30 – 09.35
Welcome and Introduction

09.35 – 09.50
Introduction to OsiriX
Mr Jack Hodson, Infomed Research & Training

MR Shoulder

09.50 – 10.10
MR Shoulder Update
Dr Chandani Thorning, Consultant MSK Radiologist,
Epsom and St Helier University Hospitals NHS Trust
Check list – structure and sequences
Reporting guidance
Top tips and common errors to avoid
Two sample interactive cases

10.10 – 11.10
**MR Shoulder Cases:
Interpretation and Reporting**
Dr Chandani Thorning
Cases covering a range
of shoulder pathologies and
abnormal presentations, with
personalised guidance
and immediate feedback.

11.10 – 11.40 **Tea and coffee break**

11.40 – 12.40
MR Shoulder Cases (*continued*)

MR Elbow

12.40 – 13.00
MR Elbow Update
Dr Martin Watson,
Consultant in Radiology,
West Middlesex University Hospital, Isleworth
Check list – structure and sequences
Reporting guidance
Top tips and common errors to avoid
Two sample interactive cases

13.00 – 14.00 **Lunch**

14.00 – 15.10
**MR Elbow Cases:
Interpretation and Reporting**
Cases, with personalised
guidance and
immediate feedback.

MR Wrist and Hand

15.10 – 15.30
MR Wrist and Hand Update
Dr David Elias,
Consultant MSK Radiologist,
King's College Hospital, London

- Check list – structure and sequences
- Reporting guidance
- Top tips and common errors to avoid
- Two sample interactive cases

15.30 – 15.50 **Tea and coffee break**

15.50 – 17.00
**MR Wrist and Hand Cases:
Interpretation and Reporting**
Cases covering a range of wrist and hand pathologies
and abnormal presentations, with personalised guidance
and immediate feedback.

17.00 **Close**

Day 2: Friday 14 December 2018

08.40 – 09.10 **Registration**

09.10 – 09.20

Welcome and Introduction

Dr Keshthra Satchithananda,
Consultant Radiologist, King's College Hospital

MR Hip

09.20 – 09.40

MR Hip Update

Dr Keshthra Satchithananda,
Consultant Radiologist, King's College Hospital

- Check list – structure and sequences
- Reporting guidance
- Top tips and common errors to avoid
- Two sample interactive cases

09.40 – 10.30

MR Hip Cases *(continued)*

Cases, with personalised guidance and immediate feedback.

10.40 – 11.00 **Tea and coffee break**

11.00 – 11.50

MR Hip Cases: Interpretation and Reporting

Cases, with personalised guidance and immediate feedback.

MR Knee

11.50 – 12.10

MR Knee Update

Dr Lisa Meacock,
Consultant Radiologist, King's College Hospital

- Check list – structure and sequences
- Reporting guidance
- Top tips and common errors to avoid
- Two sample interactive cases

12.10 – 13.00

MR Knee Cases: Interpretation and Reporting

Cases, with personalised guidance and immediate feedback.

13.00 – 14.00 **Lunch**

14.00 – 15.00

MR Knee Cases *(continued)*

MR Ankle and Foot

15.00 – 15.20

MR Ankle and Foot Update

Dr Elizabeth Dick,
Consultant Radiologist and Hon Senior Lecturer,
Imperial College Healthcare NHS Trust

- Check list – structure and sequences
- Reporting guidance
- Top tips and common errors to avoid
- Two sample interactive cases

15.20 – 16.00

Ankle and Foot: Interpretation and Reporting

Cases, with personalised guidance and immediate feedback.

16.00 – 16.10 **Comfort break**

16.10 – 17.00

Ankle and Foot Cases *(continued)*

17.00

**Collection of Certificates
of Attendance and close**

The MSK MRI Faculty 2017-2018

Dr Keshthra Satchithananda is a Consultant Radiologist and Honorary Senior Lecturer at King's College Hospital, London, with particular interest in musculoskeletal and breast imaging. She trained at King's College Hospital and was initially a consultant radiologist at Imperial College NHS Trust for 10 years before returning to King's College Hospital. She has published widely and special interest in imaging post arthroplasty hips.

Dr David Elias is a Consultant MSK Radiologist who has worked at King's College Hospital, London, since 2001. He trained in radiology at the Royal London Hospital and then completed a one year fellowship programme in musculoskeletal imaging in Toronto, Canada. His interests include patellofemoral joint imaging (on which he has several peer reviewed publications), hand and wrist imaging and sports injury imaging.

Dr Elizabeth Dick is Consultant Radiologist and Honorary Senior Lecturer at Imperial College Healthcare NHS Trust. After completing Fellowships in Body MRI at Imperial (earning her doctoral degree) and Musculoskeletal Imaging (Duke University) she was appointed at Imperial College Healthcare NHS Trust where she is now Lead for Trauma and Emergency Radiology. She is an enthusiastic and committed examiner and teacher. She has published widely in the field of MRI, Musculoskeletal and Emergency Imaging and lectures nationally and internationally. She is Divisional Director of Medical Education at Imperial College NHST. She is Past President of the British Society of Emergency Radiology and President Elect of the European Society of Emergency Radiology.

Dr Bhavna Batohi Dr Bhavna Batohi is a consultant radiologist at King's College Hospital since 2016. She has subspecialty interests in musculoskeletal, trauma and breast imaging. She is a dedicated and enthusiastic teacher and is course director for Infomed's 'Update for the On-call Radiologist'.

Dr Lisa Meacock is a Consultant Radiologist, King's College Hospital, London. She first qualified from University of Bristol in 1999. Her special interests include MSK imaging and trauma imaging.

Dr Chandani Thorning is a Consultant MSK Radiologist at Epsom and St Helier University Hospitals NHS Trust. She trained at St Mary's Hospital, Imperial College NHS Trust, and completed an MRI fellowship at St Mary's Hospital, London. She was a Consultant Radiologist at East Surrey Hospital for several years before starting at Epsom and St Helier in September 2015.

Dr Martin Watson qualified from Charing Cross and Westminster Medical School in 1987. After a series of surgical and orthopaedic posts in the UK and Australia he underwent his postgraduate training in Radiology at St Mary's Hospital, London. Since 2000 he has been Consultant Musculoskeletal Radiologist at the West Middlesex University Hospital, Isleworth. He is experienced in all aspects of Musculoskeletal Imaging but has a particular interest in interventional procedures for tendon injuries.

BOOKING FORM

8th UK Advanced MSK MRI Interpretation and Reporting Course

on **Thursday 13 and Friday 14 December 2018**,
at the ULL, 33 Finsbury Square, London EC2A 1AG

COURSE FEE

Early bookers rates

(booking and paying before Mon 17 Sep 2018):
£525 (inc. VAT)

Standard rates

(booking and paying on or after Mon 17 Sep 2018):
£575 (inc. VAT)

Private sector:

£695 (inc. VAT)

Course fee includes web access to lecture slides (pdf),
lunch and refreshments and attendance CPD certificate.

How To Book

Complete delegate and payment details and post to:

Infomed Research and Training,
2nd Floor, Northside House,
69 Tweedy Road, Bromley BR1 3WA

You can also **BOOK ONLINE** at: www.infomedltd.co.uk

Confirmation, venue map and receipt will follow by email.
