

Advanced Neonatal and Pediatric Minimal Access Surgery Masterclass

Karl Storz Training and Technology Centre
28-29 November 2025, London

European Paediatric
Surgeons' Association

STORZ
KARL STORZ – ENDOSCOPE

75
Years

Dear Colleagues,

Neonatal and Pediatric Minimal Access Surgery Masterclass 2025 offered by the European Paediatric Surgeons' Association (EUPSA) and Karl Storz will update participants the latest trends in pediatric thoracoscopy, laparoscopy and retroperitoneal surgery.

The Masterclass will include expert lectures along with dedicated time to perform hands—on skill lab sessions for a variety of procedures under the supervision of experts. The format of the Skills Lab will involve instructions on exercises and will dedicate time towards the hands-on training and practicing techniques required for advanced minimal access surgical procedures mainly aimed towards the neonatal and pediatric age pathologies.

The Skills Lab prides itself in offering the hands on experience to develop skills in Minimal Access Surgery on models and tissue within a modern infrastructure.

Karl Storz Training and Technology Centre offers a state-of-the art facility to host the participants for the masterclass and is equipped with the latest technology that will be accessible to the participants.

London is an attractive destination with excellent connectivity to most cities worldwide, and the KARL STORZ Training and Technology Centre is just 20 minutes drive from London Heathrow airport.

We look forward to welcoming you to London to be a part of this Masterclass!

Sincerely,
Amulya Saxena, MD
Course Director

Friday 28th November 2025

- 08:30 Registration
- 09:15 Introduction of Masterclass
- 09:30 Lectures
 - Inguinal hernia- *Oomen*
 - Congenital diaphragmatic hernia- *Saxena*
- 10:15 Coffee break
- 10:30 Hands-on-skills lab (practical session-I)
- 12:00 Lectures
 - Esophageal atresia (incl. long gap)- *Patkowski*
 - Distal esophageal obstructions- *Dokumcu*
- 12:45 Lunch break
- 13:30 Hands-on-skills lab (practical session-II)
- 15:00 Lectures
 - Ureteropelvic junction obstruction- *Rahman*
 - Colorectal pathologies- *Choudhry*
- 15:45 Coffee break
- 16:00 Hands-on-skills lab (practical session-III)
- 17:30 Session end

Saturday 29th November 2025

- 09:30 Lectures
