A REVIEW COURSE WILL BE OFFERED PRIOR TO THE CONFERENCE

Updates in Hospice and Palliative Medicine

AND INTENSIVE PHYSICIAN BOARD REVIEW

OCTOBER 10-12, 2017

GOAL

Caring for the cancer patient in the advanced stages of disease is particularly challenging to the healthcare team. It requires attending to the many dimensions of care including medical, psychosocial, ethical, and spiritual needs. In its 13th year, the Updates in Hospice and Palliative Medicine and Intensive Physician Board Review Course will continue to offer healthcare professionals with educational updates to help them successfully incorporate new information into practice and take the board certification examination. Physicians,

fellows and advanced nurse practitioners will gain the knowledge and competence pertaining to symptom and pain management, issues facing patients at end-of-life, and effective communication techniques to implement into clinical practice to improve patient care.

EDUCATIONAL OBJECTIVES

After attending the conference, participants should be able to

- Interpret spiritual, legal and medical issues facing patients at end-of-life (*knowledge, competence*);

- Provide optimal end-of-life care including symptom management, psychosocial support and state-of-the-art pain management (*knowledge, competence, performance, patient outcomes*);
- Demonstrate effective communication techniques with patients in the advanced stages of cancer or debilitating disease and provide quality end-of-life care (*knowledge, competence, performance, patient outcomes*);
- Identify non-cancer conditions needing palliative care (*knowledge, competence*).

TARGET AUDIENCE

This program will be of interest to hospice and palliative care physicians, medical oncologists, family practice physicians, anesthesiologists, psychiatrists, fellows, advance practice nurses, and other health care professionals involved in hospice and palliative care.

EDUCATIONAL METHODS

Lectures • Case Studies • Meet the Professor Sessions

EVALUATION

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

ACCREDITATION/ CREDIT DESIGNATION

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 26.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ETHICS

The sessions marked with “*” have been designated by The University of Texas MD Anderson Cancer Center for 11.50 *AMA PRA Category 1 Credits™* in medical ethics and/or professional responsibility.

CME CERTIFICATES AND ATTENDANCE VERIFICATION CERTIFICATES

Certificates awarding *AMA PRA Category 1 Credits™* or certificates documenting attendance will be distributed to participants when an individual departs the conference. To obtain a CME certificate, physicians must submit a completed evaluation questionnaire and a CME Verification Form. Upon receipt, a record of attendance (certificate) will be provided on-site to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

MOC POINTS

American Board of Internal Medicine

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 26.25 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

In order to receive MOC points, you must pass the post-test with a score of 70% or higher.
