Hyatt Regency Maui is the ultimate Ka'anapali Beach hotel. 40 lush and immaculate beachfront acres offer fun in the sun, or cool down at the resort's famous 750,000-gallon fantasy pool. Pamper yourself at the spa, play championship golf and tennis, scuba, ride the waves, or spend an evening among the stars.

Feast on the beauty of nature or on delectable cuisine in one of the Hyatt Regency's award-winning restaurants. Enjoy many family-oriented programs including Hula demonstrations, lei-making classes, and art and garden tours. A 15-minute walk will bring you to the shops of Whalers Village, the town of Lahaina, and the long boardwalk along Kaanapali Beach. The Hyatt Regency Maui offers everything you need for a perfect and memorable stay.

Guest rooms feature a sitting area and lanai, iron/board, high speed internet access (fee applies), safe, hairdryer, coffee maker, a daily copy of Maui News, and other amenities to assure a comfortable stay. Bedding options (based on availability) include one king bed plus a full size sofa sleeper or two beds consisting of one queen and one double bed.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only.

Maui Travelers who can go anywhere in the world come back to Maui again and again. There is magic on this island, where natural wonders set your spirit free and the warm aloha of Maui's people fills your heart with a sense of belonging.

Maui's natural beauty is accessible and breathtaking. From a rugged back country hike to educational activities focusing on Maui's culture, history, and environment to unique attractions and world class entertainment, the Magic Isles have it all. The best golf in paradise is yours to enjoy on Maui. There are challenges for players of all skill levels and incredible views.

Nowhere else in the world will you find the array of ocean sports and activities that Maui offers. There are the 42 miles of world famous beaches, ranging from the little jewel of Red Sand Beach to the black sand beach at Waianapanapa State Park. The best snorkeling is at Honolua Bay or the small islet of Molokini, a submerged crater.

For the nature enthusiast, Maui has breathtaking hiking trails. The rangers at Haleakala National Park lead free nature walks, both at the 10,000 foot summit of Maui's awe-inspiring, long-dormant volcano and at Oheo Gulch with its famous Seven Pools. For an unforgettable vacation that will rejuvenate you, body and soul, come to Maui and find out why people in Hawaii say, "Maui no ka oi... Maui is the best."

NORTHWEST
SEMINARS

Continuing education for the medical professional

Current Topics in
Emergency Medicine

Maui, Hawaii

October 16–20 2017

BaylorScott&White
HEALTH

A. WEBB ROBERTS CENTER FOR
CONTINUING MEDICAL EDUCATION

MEDICAL DIRECTOR: Mark Murphy, MD, MSN Education, Austin, Texas and North-west Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, physician assistants, nurse practitioners, registered nurses, paramedics, pre-hospital emergency medicine care providers and all other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice; maintain state-of-the-art knowledge of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues to function toward common goals in providing consistent care in all settings in which emergency care is provided; serve as an expert in matters involving quality, safe and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through evidenced based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:
Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services inherent in the professions
Explain the selection, dosing considerations with methods of administration, safe use, contraindications and precautions of drugs based on their chemical and pharmacologic properties
Outline comprehensive patient management plans for the special patient population
Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides
Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups defining medical, legal, philosophical, ethical, and health care management standards.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 *AMA PRA Category I Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Approved by the American College of Emergency Physicians for a maximum of 20.00 hour(s) of ACEP Category I credit.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAIN-PORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1034017; Expiration Date 10/20/2017.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category I Credit™* from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: NWS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), Georgia Board of Nursing (Provider Number 50-7480), and the South Carolina Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.
