Program
Booklet

Welcome

Dear Colleagues,

It gives me great pleasure to welcome you to the Internal Medicine Update organized by Cleveland Clinic Abu Dhabi and the Gulf Chapter of the American College of Physicians.

The conference will convene over three days where delegates are exposed to the advanced recent developments in internal medicine and medical subspecialties. An outstanding regional and national faculty has been assembled to share advances in their field of expertise. Topics will be centered on multidisciplinary approaches within Internal Medicine such as Primary Care, Endocrinology, Nephrology, Infectious diseases, Rheumatology and Immunology.

The conference venue is Cleveland Clinic Abu Dhabi, a world-class multispecialty hospital with state-of-the-art technology and amenities in modern healthcare. The key note lectures are presented in the auditorium of the hospital and supplemented by parallel meet-the-expert interactive workshops and clinical simulation sessions integrating relevant clinical cases, pathology, and imaging studies.

The conference is accredited by the Health Authority Abu Dhabi (HAAD).

We very much look forward to welcoming you at our world-class hospital and to working together in promoting high standards of care for our patients.

Sincerely yours,

Hussein Saadi, MD, FACP, FACE

Chief, Medical Subspecialties Institute

Cleveland Clinic Abu Dhabi

Clinical Professor of Medicine, Cleveland Clinic

About Cleveland Clinic Abu Dhabi

Cleveland Clinic Abu Dhabi, part of Mubadala's network of world-class healthcare facilities, is a multispecialty hospital on Al Maryah Island in Abu Dhabi, UAE. Cleveland Clinic Abu Dhabi is a unique and unparalleled extension of US-based Cleveland Clinic's model of care, specifically designed to address a range of complex and critical care requirements unique to the Abu Dhabi population. Cleveland Clinic Abu Dhabi has five Centers of Excellence in the following Institutes: Heart & Vascular, Neurological, Digestive Disease, Eye and Respiratory & Critical Care. Other Institutes include Surgical Subspecialties, Medical Subspecialties, Emergency Medicine, Anesthesiology, Pathology & Laboratory Medicine, Imaging and Quality & Patient Safety. In all, more than 30 medical and surgical specialties are represented at Cleveland Clinic Abu Dhabi.

The facilities at Cleveland Clinic Abu Dhabi combine state-of-the-art amenities and world-class service standards. The hospital is a 364 (expandable to 490) bed facility, with five clinical floors, three diagnostic and treatment levels, and 13 floors of critical and acute inpatient units. It is a physician-led medical facility served by North American board certified (or equivalent) physicians. Cleveland Clinic Abu Dhabi provides patients in the region direct access to the world's best healthcare providers and Cleveland Clinic's unique model of care, reducing their need to travel abroad for treatment.

Cleveland Clinic Abu Dhabi is located on the waterfront of Al Maryah Island. The island occupies a unique position between Abu Dhabi's existing downtown district, the upcoming developments at Al Reem Island and the new cultural district on Saadiyat Island.

The auditorium at Cleveland Clinic Abu Dhabi provides a unique conference atmosphere with an enhanced audio and visual experience. This state-of-the-art facility offers an elegant ambience, with a curved stage and tiered, upholstered seating that comfortably seats 200 guests.

Meet-the-expert sessions and clinical symposia are conveniently located in the ground floor level where the Cleveland Clinic Abu Dhabi Ballroom will facilitate parallel tracks in medical sub-specialties.

The dedicated Multidisciplinary Simulation Center integrates relevant clinical cases with hands-on experience enhancing personal development skills.

The auditorium and ballroom can be easily accessed from the main hallway, which during the time of the conference is laid out to combine the exhibition and networking area.

Conference Overview

Educational Objectives

- Apply and integrate updated evidenced-based medical information and techniques to the clinical practice for best outcomes in the care of Internal Medicine patients
- Enhance skills in diagnosing and managing common medical issues relating to the practice of internal medicine and medical subspecialties for best quality of care
- Advance technical skills through integrated and interactive workshops of common outpatient and hospital procedures at the Multidisciplinary Simulation Center to provide state of the art care of patients
- Enhance excellence and professionalism in the practice of medicine in the UAE and Gulf Countries through affiliation with the American College of Physicians.

Accreditation

Accreditation (category 1) is sought from the Health Authority Abu Dhabi (HAAD).
