6TH INTERNATIONAL NEUROSURGERY AND NEUROLOGICAL SURGEONS

We are delighted to bring together neurosurgeons, neurological specialists, researchers, and healthcare professionals from around the world to share knowledge, exchange ideas, and advance excellence in neurosurgery.

WELCOME MESSAGE

DR. LAURENT VINIKOFF

Best Regards

I am Dr. Laurent Vinikoff, MD, a spine surgeon specializing in minimally invasive neurosurgical techniques at Hospital Nostra Senyora de Meritxell, Escaldes-Engordany. My clinical work focuses on the management of degenerative spinal disorders, with a particular interest in advancing techniques that improve precision, and recovery outcomes.

I had the privilege of participating in the 5th International Neurosurgery and Neurological Surgeons Conference as a Poster Presenter, where I shared my research and engaged with esteemed professionals from across the globe. The experience provided a valuable platform for scientific exchange and meaningful discussions in the field of neurosurgery.

It is my pleasure to invite you to upcoming editions of this distinguished conference, which brings together global experts, researchers, and clinicians to share knowledge, explore advancements, and strengthen collaboration in neurosurgical care. Join us for an enriching experience that fosters innovation, professional growth, and excellence in neurosurgery.

I look forward to having you as part of this brilliant event

EARN 30 CPD CREDITS

The term continuing, or continuous, professional development (CPD), is used to refer to any form of learning you do to better your knowledge, comprehension, and experiences in a certain field. It is an acronym for continuous and planned learning and development. It emphasizes what you learn and how you grow, but it could also involve a formal method for documenting it.

YOUR GROWTH STARTS WITH 30 CPD & CME CREDITS

Earn 30 CME Credits

The term "continuing medical education," or 30 CME, refers to learning experiences that help doctors keep their knowledge, skills, and professional relationships up to date, develop them, or improve them so they can better serve their patients, the general public, or the profession.

- ✓ Stay updated with the latest medical knowledge, research, and clinical advancements
