

Diabetes.

Conference agenda.

ARAB HEALTH

28-29 January 2019 • Dubai World Trade Centre

Diabetes Conference

28 - 29 January 2019, Dubai World Trade Centre, Dubai, UAE.

Theme: 'Promoting excellence in diabetes care'

What's new:

- Practical advice shared to support diabetes care when addressing complex case presentations
- Up-to-date global perspectives on technological solutions for diabetes diagnosis, management and treatment
- Reduced price and special rates for Allied Healthcare Professionals, international members of endorsing partner societies*

Key topics:

- Maturity onset diabetes of the young
- Autonomic neuropathy
- Weight maintenance - why are we failing?
- Gut microbiome
- Myth vs reality; camel milk, dates and honey
- CGM and FGM

Who should attend:

- GPs
- Family Physicians
- Endocrinologists
- Diabetes Specialists

Benefits of attending:

- Evaluate the potential for targeted treatment through reclassification of diabetes
- Discuss strategies to prevent or delay the onset of complications in patients
- Measure the prevalence of 'Diabetes' in the region in real time
- Review current and emerging technologies for the management of diabetes

**Allied Healthcare Professionals such as Nurses, Physiotherapists, Radiographers and Technicians can contact the Arab Health conference team on +971 4 408 2891 or ahcongress@informa.com to find out more about the special rates. Valid company/employee identification with job designation will be required to avail the special rates.*
